#### LEGISLATIVE COUNSEL'S DIGEST

AB 1468, Committee on Budget. Public Safety.

Existing law establishes the Department of Finance with general powers of supervision over all matters concerning the financial and business policies of the state. Existing law authorizes the Department of Corrections and Rehabilitation, a participating county, as defined, and the State Public Works Board to enter into a construction agreement in order to acquire, design, and construct a local jail facility, as specified, using the proceeds of revenue bonds, notes, or bond anticipation notes issued by the State Public Works Board for that purpose.

This bill would require the Department of Finance, in consultation with the County of Los Angeles, to identify options for ways the state may assist in addressing the mental health and health infrastructure needs of the County of Los Angeles jail system and report its findings to the Joint Legislative Budget Committee on or before January 15, 2015.

Existing law authorizes the Board of State and Community Corrections, the State Public Works Board, and a participating county, as defined, to acquire, design, and construct an adult local criminal justice facility approved by the Board of State and Community Corrections, or to acquire a site or sites owned by, or subject to a lease option to purchase held by, a participating county. Existing law authorizes the State Public Works Board

to issue up to \$500,000,000 in revenue bonds, notes, or bond anticipation notes to finance the acquisition, design, and construction of approved adult local criminal justice facilities. The funds derived from those revenue bonds, notes, or bond anticipation notes are continuously appropriated for those purposes.

Existing law establishes the Department of Corrections and Rehabilitation to oversee the state prison system. Existing law authorizes the Department of Corrections and Rehabilitation to design, construct, or renovate housing units, support buildings, and programming space in order to add capacity to facilities under its jurisdiction.

This bill would enact provisions similar to the provisions described above authorizing the Board of State and Community Corrections or the department, the State Public Works Board, and a participating county, as defined, to acquire, design, and construct an adult local criminal justice facility, as defined. The bill would authorize the State Public Works Board to issue up to \$500,000,000 in revenue bonds, notes, or bond anticipation notes to finance the acquisition, design, and construction of approved adult local criminal justice facilities, and would continuously appropriate the funds for those purposes. The bill would establish procedures for approving and funding these projects.

Existing law establishes the California Health and Human Services Agency, which consists of specified departments and entities including, among others, the State Department of Health Care Services, the State Department of Social Services, and the Office of Patient Advocate.

This bill would establish the Office of Law Enforcement Support within the agency.

Existing law provides that certain persons are peace officers whose authority extends to any place in the state for the purpose of performing their primary duty or when making an arrest, as specified. These specified peace officers are not authorized to carry firearms, except as provided. Existing law classifies certain police officers, sheriff deputies, and firefighters who have responsibility for the direct supervision of state peace officer/firefighter personnel as state peace officer/firefighter members under the Public Employees' Retirement System (PERS). Employees classified as safety members under PERS, including state peace officer/firefighter members, are generally entitled to higher benefits and subject to higher contribution rates than employees classified as miscellaneous or general members. Member contributions to PERS are deposited in the Public Employees' Retirement Fund, a continuously appropriated fund.

This bill would provide that the Chief, Deputy Chief, supervising investigators, and investigators of the Office of Protective Services of the State Department of State Hospitals and the Office of Investigations and Law Enforcement Support of the California Health and Human Services Agency are peace officers for purposes of the provision described above. The bill would make an appropriation by increasing the amount of employee contributions to the Public Employees' Retirement Fund.

Existing law authorizes the Board of State and Community Corrections (BSCC), a participating county, as defined, and the State Public Works Board to acquire, design, and construct an adult local criminal justice facility, as specified, and requires them to enter into an agreement for each facility that provides related performance expectations of the parties, guidelines and criteria for the use and application of the financing instruments used to pay for the facility, and ongoing maintenance and staffing responsibilities for the term of the financing. Existing law also authorizes the State Public Works Board and the BSCC to borrow funds from the Pooled Money Investment Account or from another appropriate source for project costs of an adult local criminal justice facility. Existing law authorizes the BSCC and a participating county, with the consent of the State Public Works Board, to enter into leases, contracts, or other agreements for property use, maintenance, or operation of an adult local criminal justice facility.

This bill would also authorize the California Department of Corrections and Rehabilitation to participate in the financing program with participating counties and the State Public Works Board for the acquisition, design, and construction of adult local criminal justice facilities, to enter into the required agreements, to borrow funds, and to enter into leases, contracts, or other agreements for these purposes, as specified.

Existing law requires the establishment of a Supplemental Law Enforcement Services Account in each county to be allocated for jail construction, criminal prosecution, law enforcement grants, and for the implementation of a comprehensive multiagency juvenile justice plan. Existing law requires that moneys allocated from a Supplemental Law Enforcement Service Account to a recipient entity be used to supplement existing services and not to supplant any existing funding.

This bill would instead prohibit local agencies from using these moneys to supplant other funding for Public Safety Services, as defined.

Existing law requires specified funds to be allocated to county sheriff's departments from funds remaining in the Enhancing Law Enforcement Activities Subaccount in the Local Revenue Fund 2011, as specified. Existing law requires that funds allocated pursuant to these provisions be used to supplement rather than supplant existing law enforcement resources.

This bill would instead prohibit funds allocated pursuant to these provisions from being used by local agencies to supplant other funding for Public Safety Services, as defined.

Under existing law, the State Department of Public Health licenses and regulates health facilities, including general acute care hospitals and correctional treatment centers, including those operated by the Department of Corrections and Rehabilitation and those located on prison grounds.

This bill would require the State Department of Public Health, upon application of the Department of Corrections and Rehabilitation, to change the license category of a general acute care hospital licensed to the Department of Corrections and Rehabilitation, or any health facility located on prison grounds, to a correctional treatment center license.

Existing law, the Superior Court Security Act of 2012, generally requires the sheriff to be responsible for court security services pursuant to a memorandum of understanding entered into with the superior court of the relevant county.

This bill would state the intent of the Legislature to establish a process and funding mechanism for sheriffs that overall incur increased trial court security costs as a result of court construction projects that had an occupancy date on or after October 9, 2011. The bill would allow counties that demonstrate increased trial court security costs to request funding from the Department of Finance. The bill would require this funding to be funded by the General Fund, subject to an annual appropriation by the Legislature.

Existing law sets forth various findings and declarations of the Legislature relating to crime, including the Legislature's reaffirmation of its commitment to reducing recidivism among criminal offenders and a declaration that California must reinvest its criminal justice resources to support community-based corrections programs and evidence-based practices that will achieve improved public safety returns on the state's substantial investment in its criminal justice system, as specified.

This bill would set forth legislative findings and declarations that strategies supporting reentering offenders through practices and programs have been demonstrated to significantly reduce recidivism among offenders in other states, that improving outcomes among offenders reentering the community after serving time in a correctional facility will promote public safety and reduce California's prison and jail populations, and that establishing a California reentry program that encompasses strategies known to reduce recidivism warrants a vigorous short-term startup in the 2014–15 fiscal year using readily available resources in the community, as specified.

Existing law establishes the Department of Corrections and Rehabilitation to oversee the state prison system. Existing law establishes the Administrative Office of the Courts, which has various responsibilities and authority over state court matters granted by law and delegated by the Judicial Council. Existing law, as added by Proposition 8, adopted June 8, 1982, and amended by Proposition 21, adopted March 7, 2000, among other things, defines a serious felony. Existing law, as amended by Proposition 36, adopted November 6, 2012, commonly known as the Three Strikes Law, requires increased penalties for certain recidivist offenders in addition to any other enhancement or penalty that may apply, including individuals with current and prior convictions of a serious felony, as specified.

This bill would, subject to the availability of funding for and space in the programs and services, authorize the department to provide programs and services, including, but not limited to, transitional housing, mental health, and substance abuse treatment to an offender who is released pursuant to the provisions of Proposition 36, and who is not subject to parole or postrelease community supervision. The bill would require the department, in consultation with the Administrative Office of the Courts, to establish a referral process for those offenders to participate in or receive the types of programs and services described above that the department has existing

contracts to provide. The bill would also require the Administrative Office of the Courts to inform courts of the availability of those programs and services.

Existing law designates various persons and peace officers, including officers of a state hospital under the jurisdiction of the State Department of State Hospitals or the State Department of Developmental Services.

This bill would require, by July 1, 2015, the California Health and Human Services Agency to develop training protocols and policies and procedures for peace officers of a state hospital under the jurisdiction of the State Department of State Hospitals or the State Department of Developmental Services. The bill, when appropriate, would require the training protocols and policies and procedures to be uniformly implemented in both state hospitals and developmental centers, and would require additional training protocols and policies and procedures shall be developed to address the unique characteristics of the residents in each type of facility. The bill would require the agency, in consultation with system stakeholders, to develop recommendations to further improve the quality and stability of law enforcement and investigative functions at both developmental centers and state hospitals in a meaningful and sustainable manner and to submit those recommendations to the budget committees and relevant policy committees of both houses of the Legislature no later than January 10, 2015.

Existing law authorizes a court, when sentencing a person to county jail for a felony, to commit the person to county jail for either the full term in custody, as specified, or to suspend the execution of a concluding portion of the term selected at the court's discretion. Under existing law, this period of suspended execution is supervised by the county probation officer and is known as mandatory supervision.

This bill would require, unless the court finds, in the interests of justice, that it is not appropriate in a particular case, that a period of the concluding portion of a county jail term be served on mandatory supervision. The bill would make this change applicable prospectively to a person sentenced on or after January 1, 2015. The bill would require the Judicial Council to adopt rules of court to implement these provisions and related provisions of existing law no later than January 1, 2015. By increasing the duties of probation officers, the bill would impose a state-mandated local program.

Existing law authorizes the Secretary of the Department of Corrections and Rehabilitation to offer a program under which eligible female inmates who have been committed to state prison may be allowed to participate in a voluntary alternative custody program in lieu of confinement in state prison. Existing law defines that alternative custody program to include confinement to a residential home, a residential drug or treatment program, or a transitional care facility that offers appropriate services. Existing law authorizes the department to enter into contracts with county agencies, not-for-profit organizations, for-profit organizations, and others in order to promote alternative custody placements. Existing law requires the department to use electronic monitoring, global positioning system devices, or other

supervising devices for the purpose of helping to verify a participant's compliance with the rules and regulations of the program.

This bill would authorize a sheriff or a county director of corrections to implement a similar voluntary alternative custody program for male and female inmates who have been committed to a county jail for a determinate term of imprisonment for a felony or for a misdemeanor, except that the bill would define an alternative custody program operated by a sheriff or a county director of corrections to additionally include confinement to a mental health clinic or hospital that offers appropriate mental health services, and would authorize, but not require, the sheriff or the county director of corrections to use electronic monitoring, global positioning system devices, or other supervising devices. The bill would provide that the willful failure of the program participant to return to the place of detention prior to the expiration of any period of time during which he or she is authorized to be away from the place of detention, unauthorized departures from the place of detention, or tampering with or disabling, or attempting to tamper with or disable, an electronic monitoring device is punishable under a specified statute.

By creating a new crime, this bill would impose a state-mandated local program.

Existing law establishes the Board of State and Community Corrections to collect and maintain available information and data about state and community correctional policies, practices, capacities, and needs, as specified. Existing law establishes the Recidivism Reduction Fund, to be used, upon appropriation by the Legislature, for activities designed to reduce the state's prison population, including, but not limited to, reducing recidivism.

Existing law, the California Community Corrections Performance Incentives Act of 2009, authorizes each county to establish a Community Corrections Performance Incentives Fund, and authorizes the state to annually allocate moneys into the State Community Corrections Performance Incentives Fund, a continuously appropriated fund, to be used for specified purposes related to improving local probation supervision practices and capacities. Under existing law, if a county establishes a Community Corrections Performance Incentives Fund, the county is required to establish a local Community Corrections Partnership, as specified.

This bill would require a county board of supervisors, upon agreement to accept funding from the Recidivism Reduction Fund and in collaboration with the county's Community Corrections Partnership, to develop, administer, and collect and submit data to the Board of State and Community Corrections regarding a competitive grant program intended to fund community recidivism and crime reduction services, as specified. The bill would require the county board of supervisors to grant the funds allocated to the county under these provisions to community recidivism and crime reduction service providers based on the needs of their community. The bill would specify the grant amounts for which the counties and individual service providers would be eligible and would limit the total amount of

grants awarded to a single community recidivism and crime reduction service provider by all counties pursuant to these provisions to \$100,000. The bill would authorize up to 5% of the grant to be withheld by the county to pay administrative costs. The bill would require funds allocated to a county that are not expended within 4 years to revert to the state General Fund and would require funds not encumbered with a community recidivism and crime reduction service provider within one year after the allocation of grant funding to revert to the state General Fund.

Existing law provides for a probation failure reduction incentive payment for each eligible county, and establishes 3 tiers for evaluating counties for purposes of calculating that payment. Existing law also provides high performance grants to county probation departments for purposes of bolstering practices to reduce recidivism. Existing law provides for these incentive payments and grants to be paid from the State Community Corrections Performance Incentives Fund, as specified.

Existing law appropriates \$1,000,000 from the State Community Corrections Performance Incentives Fund to the judicial branch for the costs of implementing and administering those probation failure reduction incentive payments and high performance grants, as specified. Under existing law, those funds are available for encumbrance and expenditure until June 30, 2014.

This bill would, commencing July 1, 2014, and each fiscal year thereafter, continuously appropriate \$1,000,000 from the State Community Corrections Performance Incentives Fund to the Administrative Office of the Courts for the costs of implementing and administering those probation failure reduction incentive payments and high performance grants, as specified.

Existing law allocates any moneys remaining in the State Community Corrections Performance Incentives Fund, after the calculation and award determination of each county's tier payments or high performance grant payments, to county probation departments, as specified. Specifically, existing law requires that the award amount for any county whose tier payment or high performance grant totals less than \$200,000 be increased to no more than \$200,000, as specified. Existing law also requires that the award amount for any county that has a probation failure rate that is below the statewide average be adjusted so that these counties receive no less than \$200,000, as specified.

Existing law requires that any funds remaining after the allocations described above be evenly distributed to those counties that did not receive a tier payment or a high performance grant payment, as specified.

This bill would instead require that these remaining funds, up to \$200,000 per county, be evenly distributed to those counties that did not receive a tier payment or a higher performance grant payment, as specified, and would provide for the further distribution of any funds that remain.

Existing law establishes the State Department of State Hospitals for the administration of state hospitals and provides for the involuntary confinement of certain individuals in those state hospitals, including defendants who have been found incompetent to stand trial and defendants found to be guilty

of a crime, or who have plead not guilty by reason of insanity, and found to be insane at the time he or she committed the crime. Existing law provides that the court shall order that the mentally incompetent defendant be delivered by the sheriff to a state hospital, or to any other available public or private treatment facility, including a local county jail treatment facility, approved by the community program director that will promote the defendant's speedy restoration to mental competence, or placed on outpatient status.

This bill would include the community-based residential treatment system, as described, as a public or private treatment facility to which the above provisions apply, if the facility has a secured perimeter or a locked and controlled treatment facility.

Existing law requires the court to select the state hospital in accordance with the policies established by the State Department of State Hospitals when directing that the defendant be confined in a state hospital. Under existing law, prior to admission to the Napa State Hospital or the Metropolitan State Hospital, the State Department of State Hospitals is required to evaluate each patient committed pursuant to specified provisions of law, and a patient determined to be a high-security risk is required to be treated in the department's most secure facilities, as provided. Existing law requires a court to provide copies of specified documents, including, among others, the commitment order, to be taken with the defendant to the state hospital when the court orders that a defendant be confined in a state hospital or other public or private treatment facility.

This bill would repeal the provision requiring the court to select the state hospital in accordance with the policies established by the State Department of State Hospitals when directing that the defendant be confined in a state hospital. The bill would instead require, prior to admission to the State Department of State Hospitals, the department to evaluate each patient committed pursuant to specified provisions of law to determine the placement of the patient to the appropriate state hospital. The bill would also require a court that orders that a defendant be committed to the State Department of State Hospitals or other public or private treatment facility to provide copies of any medical records with the documents described above prior to the admission of the defendant to the department or other treatment facility where the defendant is to be committed. The bill would require the department to utilize specified documents, including those described above and any medical records, to make the appropriate placement. The bill would make conforming changes.

The bill would also require the State Department of State Hospitals to establish a Patient Management Unit (PMU) to facilitate patient movement across all facilities under the department's jurisdiction and any psychiatric programs operated by the department pursuant to a memorandum of understanding with the Department of Corrections and Rehabilitation. The PMU's responsibilities would include, among others, oversight and centralized management of patient admissions. The bill would authorize the State Department of State Hospitals to adopt regulations, as specified,

concerning policies and procedures to be implemented by the PMU, including, among others, policies and procedures for patient referral to the department.

Existing law, in placing a mentally incompetent defendant, requires the community program director to evaluate the appropriate placement for the defendant between a state hospital or a local county jail treatment facility. If a local county jail treatment facility is selected, existing law requires the State Department of State Hospitals to provide treatment at the county jail treatment facility and to reimburse the county jail treatment facility for the reasonable costs of the bed during the treatment.

This bill would require the State Department of State Hospitals to provide reimbursement to the community-based residential treatment system if a mentally incompetent defendant is placed in that facility.

Existing law requires the Department of Corrections and Rehabilitation to expand substance abuse treatment services in prisons to accommodate at least 4,000 additional inmates who have histories of substance abuse, as specified.

This bill would generally require a substance abuse treatment program funded by the department and offered in a facility under the jurisdiction of the department pursuant to the provision described above to include a peer counseling component, as defined, allowing prisoners to receive the necessary training within those facilities to become certified addiction counselors, including necessary course work and clinical hours. The bill would require the department to notify in writing the Assembly and Senate Committees on Budget and the relevant Assembly and Senate policy committees at the time the determination is made if the department determines that a peer counseling component shall not be included as part of a substance abuse treatment program offered in a facility under the department's jurisdiction.

Existing law requires offenders convicted of certain felonies to be incarcerated in state prison. Existing law authorizes the Department of Corrections and Rehabilitation to contract for the establishment and operation of community correctional reentry centers to enhance the potential for successful paroles.

This bill would require the Secretary of the Department of Corrections and Rehabilitation to establish the Case Management Reentry Pilot Program for offenders, under the jurisdiction of the department, who have been sentenced to a term of imprisonment in state prison for purposes of assisting certain inmates in reentering society upon their release from prison. The bill would require the program to be established in at least 3 counties over a period of 3 years after enactment of the budget act of 2014, and would require case management social workers to assist offenders assigned to the program in managing basic needs, as specified. The program would provide specified case management services. The bill would require the department to contract for an evaluation of the program that will assess its effectiveness in reducing recidivism among offenders transitioning from prison into the community. The bill would require the department to submit a final report

to the Legislature and the Governor of the findings from its evaluation of the program not later than 3 years after the establishment of the program. Implementation of the program would be contingent upon availability of funds, as specified.

Existing law requires a supervising parole agency to notify a person classified within the highest control or risk classification that he or she is required to report to his or her assigned parole officer or designated local agency within 2 days of release from prison to parole or postrelease community supervision. Existing law requires the supervising parole agency to report a parolee's failure to report within 24 hours.

Existing law requires that the department release an inmate who is subject to these provisions and was sentenced prior to June 27, 2012, one or 2 days before his or her scheduled release date if the inmate's release date falls on the day before a holiday or weekend. Existing law requires all other inmates to be released one or 2 days after their scheduled release date if the release date falls on the day before a holiday or weekend.

This bill would instead apply the one or 2-day early release requirement to an inmate who is subject to the above provisions and was sentenced prior to January 1, 1996.

Existing law establishes the Inmate Welfare Fund of the Department of Corrections and Rehabilitation in the State Treasury. Existing law provides that the moneys in the fund constitute a trust to be used for the benefit and welfare of inmates of prisons and institutions under the jurisdiction of the department. Existing law allows the funds to be used for the establishment of canteens, hobby shops, educational programs, hobby and recreational programs, inmate family visiting services, leisure-time activities, and assistance with obtaining photo identification from the Department of Motor Vehicles. Under existing law, moneys in the fund, as they relate to state prison camps, are continuously appropriated.

This bill would additionally authorize the use of fund moneys for innovative programming by not-for-profit organizations offering programs that have demonstrated success and focus on offender responsibility and restorative justice principles, thereby making an appropriation.

Existing law establishes the Board of State and Community Corrections to collect and maintain available information and data about state and community correctional policies, practices, capacities, and needs, as they relate to both adult corrections, juvenile justice, and gang problems. Existing law requires the board to seek to collect and make publicly available data and information reflecting the impact of state and community corrections, juvenile justice, and gang-related policies and practices enacted in the state, and information regarding evidence-based practices from other jurisdictions.

This bill would establish the California Juvenile Justice Data Working Group within the Board of State and Community Corrections, consisting of members comprised of representatives from, among others, the Department of Justice and the Judicial Council. The bill would require the working group to analyze the capacities and limitations of data systems and networks used to collect and report state and local juvenile justice caseload

and outcome data. The bill would require the working group, no later than January 1, 2016, to prepare and submit a report to the Legislature on the options for improving interagency coordination, modernization, and upgrading of state and local juvenile justice data and information systems, as specified. The bill would also require the working group, no later than December 31, 2014, to recommend a plan for improving current juvenile justice reporting requirements.

This bill would also require the board to administer and award mentally ill offender crime reduction grants on a competitive basis to counties that expand or establish a continuum of timely and effective responses to reduce crime and criminal justice costs related to mentally ill offenders and require those grant funds to be used to support prevention, intervention, supervision, and incarceration-based services and strategies to reduce recidivism and improve outcomes for mentally ill juvenile adults and offenders. The bill would require the board to establish minimum requirements, funding criteria, and procedures for awarding grants and would require counties applying for grant funding to comply with certain requirements, including a requirement that the county establish a strategy committee to design the grant application. The bill would require the board to develop an evaluation design for grants that assesses the effectiveness of the program and to annually report to the Legislature based on that evaluation design.

Existing law establishes the California Rehabilitation Oversight Board in the Office of the Inspector General to regularly examine and report to the Legislature and the Governor on the various mental health, substance abuse, educational, and employment programs for inmates and parolees operated by the Department of Corrections and Rehabilitation. Existing law requires the board to meet at least quarterly, and to report to the Governor and the Legislature biannually, on March 15 and September 15.

This bill would instead require the board to meet twice annually, and to report to the Governor and the Legislature annually, on September 15.

Existing law requires that a regulation adopted by the Department of Corrections and Rehabilitation that may impact the visitation of inmates recognize and consider the value of visiting as a means to improve the safety of prisons for both staff and inmates.

This bill would require the Department of Corrections and Rehabilitation to develop policies related to the department's contraband interdiction efforts for individuals entering detention facilities under the jurisdiction of the department. The bill would require that these policies, among other requirements, apply to all individuals, use methods to ensure that profiling is not practiced, and establish a method that ensures that no one, except as specified, has advance notice of when a random search is scheduled.

Existing law appropriates \$300,000,000 from the General Fund for capital outlay to be allocated to renovate, improve, or expand infrastructure capacity at existing prison facilities. Existing law authorizes the funds to be used for specified additional purposes, including design and construction of improvements to dental facilities and medication distribution facilities at state prisons, as specified.

This bill would also authorize the use of these funds for the design and construction of projects in the Health Care Facility Improvement Program at state prison facilities, thereby making it an appropriation.

Existing law establishes in the State Treasury the Local Revenue Fund 2011, a continuously appropriated fund, and requires that moneys in the fund be allocated exclusively for public safety services, as defined. Existing law further establishes the Law Enforcement Services Account within that fund, and creates the Enhancing Law Enforcement Activities Subaccount within the Law Enforcement Services Account.

Existing law allocates moneys in the subaccount for county sheriffs' departments, and, among other things, various crime reduction programs, including the High Technology Theft Apprehension and Prosecution Program, among others.

This bill would revise the percentage of funds to be allocated for the High Technology Theft Apprehension and Prosecution Program from the Enhancing Law Enforcement Activities Subaccount.

Existing law establishes the Gang Violence Suppression Program in the Board of State and Community Corrections for financial and technical assistance to district attorneys' offices, local law enforcement agencies, county probation departments, school districts, county offices of education, and community-based organizations which are primarily engaged in the suppression of gang violence. Existing law prohibits funds made available pursuant to these provisions from being used to supplant local funds that would, in the absence of the Gang Violence Suppression Program, be made available to support the activities specified in these provisions establishing the program.

This bill would instead prohibit these funds from being used by local agencies to supplant other funding for Public Safety Services, as defined.

Existing law authorizes the Director of the California Conservation Corps, implementing the California Conservation Corps program, to recruit and employ corpsmembers and to adopt criteria for employment in the program.

This bill would instead authorize the director to recruit and enroll corpsmembers and to adopt criteria for selecting applicants for enrollment, including individuals convicted of a crime described in the California Uniform Controlled Substances Act. The director would be required, when adopting this criteria, to take specified factors into account.

Existing law establishes the Youthful Offender Block Grant Program to enhance the capacity of county departments to provide appropriate rehabilitative and supervision services to youthful offenders. Existing law requires the Director of Finance to annually determine the total amount of the block grant and the allocation for each county, and to report those findings to the Controller who then makes an allocation to each county from the Youthful Offender Block Grant Special Account. Under existing law, 50% of the allocation amount for each county is based on the number of the county's juvenile felony court dispositions, according to the most recent data compiled by the Department of Justice.

This bill would instead require, for purposes of determining this allocation amount, the Department of Justice to provide to the Department of Finance the number of juvenile felony court dispositions for each county for the previous calendar year by July 10 of each year.

Existing law requires the establishment of a Juvenile Reentry Fund in each county to receive all amounts allocated to that county probation department to address local program needs for persons discharged from the custody of the Division of Juvenile Facilities. Existing law prohibits these funds from being used to supplant any existing funding by local agencies for existing services provided by that entity.

This bill would instead prohibit these funds from being used by local agencies to supplant other funding for Public Safety Services, as defined.

Existing law establishes the Juvenile Reentry Grant to provide for the local supervision of persons discharged from the custody of the Department of Corrections and Rehabilitation, Division of Juvenile Facilities. Existing law requires that 5.519% of the funds allocated to the Juvenile Justice Subaccount from the Local Revenue Fund 2011 be deposited to the Juvenile Reentry Grant Special Account to be used to fund grants for these purposes and requires the amount allocated to each county probation department from the Juvenile Reentry Grant Special Account be distributed pursuant to specified criteria.

This bill would require the Department of Finance to use this criteria to determine each county's allocation as a percentage of the funds deposited in the Juvenile Reentry Grant Special Account and would provide that actual allocations provided to counties pursuant to the criteria would vary under the bill based on the amount of funds deposited in the Juvenile Reentry Grant Special Account.

Existing law provides for state hospitals for the care, treatment, and education of mentally disordered persons, which are under the jurisdiction of the State Department of State Hospitals.

This bill would require the Secretary of California Health and Human Services to submit a report and recommendations to the fiscal and appropriate policy committees of the Legislature reviewing and evaluating best practices and strategies, including independent oversight, for effectively and sustainably addressing the employee discipline process, criminal and major incident investigations, and the use of force within state hospitals and psychiatric programs run by the State Department of State Hospitals. The bill would authorize the secretary to consult with the Department of the California Highway Patrol, the Department of Corrections and Rehabilitation, the Office of the Inspector General, and other resources in the development of the report and recommendations.

Existing law requires each county to provide cash assistance and other social services to needy families through the California Work Opportunity and Responsibility to Kids (CalWORKs) program using federal Temporary Assistance to Needy Families (TANF) block grant program, state, and county funds. Under existing law, an individual is ineligible for aid if the individual has been convicted in state or federal court after December 31, 1997, of any

offense classified as a felony and that has as an element the possession, use, or distribution of a controlled substance.

This bill would, beginning April 1, 2015, authorize CalWORKs benefits to be paid to an individual who is convicted as an adult in state or federal court after December 31, 1997, of any offense classified as a felony that has as an element the possession, use, or distribution of a controlled substance, as defined. If the person is on probation or parole and is ineligible for aid due to violating a condition of probation or parole or fleeing to avoid prosecution or custody and confinement, he or she would be ineligible for CalWORKs benefits until he or she is no longer in violation of probation or parole or a fleeing felon.

Existing federal law provides for the federal Supplemental Nutrition Assistance Program (SNAP), known in California as CalFresh, formerly the Food Stamp Program, under which supplemental nutrition assistance benefits allocated to the state by the federal government are distributed to eligible individuals by each county. Under existing law, a person convicted of specified drug offenses, including transporting, selling, furnishing, administering, giving away, possessing for sale, purchasing for purpose of sale, or manufacturing a controlled substance, is ineligible to receive CalFresh benefits. Existing law authorizes the payment of CalFresh benefits to other convicted drug felons who have participated in, or are on the waiting list for, a drug treatment program, or who can show other evidence that the illegal use of controlled substances has ceased.

This bill would, beginning April 1, 2015, authorize CalFresh benefits to be paid to an individual who is convicted as an adult in state or federal court after December 31, 1997, of any offense classified as a felony that has as an element the possession, use, or distribution of a controlled substance, as defined. If the person is on probation or parole and is ineligible for aid due to violating a condition of probation or fleeing to avoid prosecution or custody and confinement, he or she would be ineligible for CalFresh benefits until he or she is no longer in violation of probation or parole or a fleeing felon. By requiring local agencies to provide a higher level of service, this bill would impose a state-mandated local program.

Until January 1, 2016, the bill would, notwithstanding certain rulemaking provisions of the Administrative Procedure Act, authorize the department to implement and administer the provisions described above relating to CalWORKs and CalFresh by all-county letters or similar instructions. The bill would require those all-county letters or similar instructions to be developed in consultation with the Chief Probation Officers of California, the County Welfare Directors Association of California, and client advocates.

Existing law continuously appropriates moneys from the General Fund to defray a portion of county costs under the CalWORKs program.

By authorizing additional payments from a continuously appropriated fund, the bill would make an appropriation.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

Appropriation: yes.

*The people of the State of California do enact as follows:*

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) The state has provided counties with the opportunity to receive lease revenue bond financing to improve local correctional facilities.

(2) However, for the construction of certain county in-custody mental health treatment and rehabilitation facilities, where the state portion of construction would be minor, state lease revenue financing may not be an appropriate mechanism.

(3) As the largest local correctional and justice system in the nation, it is important to explore improvements to the county's efforts to improve mental health treatment and maximize the efforts to improve criminal justice outcomes and reduce recidivism.

(b) The Department of Finance, in consultation with the County of Los Angeles, shall identify options for ways the state may assist in addressing the mental health and health infrastructure needs of the County of Los Angeles jail system, and to report its findings to the Joint Legislative Budget Committee on or before January 15, 2015.

SEC. 2. Section 12803 of the Government Code is amended to read:

12803. (a) The California Health and Human Services Agency consists of the following departments: Aging; Community Services and Development; Developmental Services; Health Care Services; Managed Health Care; Public Health; Rehabilitation; Social Services; and State Hospitals.

(b) The agency also includes the Emergency Medical Services Authority, the Managed Risk Medical Insurance Board, the Office of Health Information Integrity, the Office of Patient Advocate, the Office of Statewide Health Planning and Development, the Office of Systems Integration, the Office of Law Enforcement Support, and the State Council on Developmental Disabilities.

(c) The Department of Child Support Services is hereby created within the agency commencing January 1, 2000, and shall be the single organizational unit designated as the state's Title IV-D agency with the responsibility for administering the state plan and providing services relating to the establishment of paternity or the establishment, modification, or enforcement of child support obligations as required by Section 654 of Title 42 of the United States Code. State plan functions shall be performed by

other agencies as required by law, by delegation of the department, or by cooperative agreements.

SEC. 3. Section 15820.92 of the Government Code is amended to read:

15820.92. For purposes of this chapter, “participating county” means any county, or regional consortium of counties, within the state that has been certified to the State Public Works Board (the board) by the Board of State and Community Corrections (BSCC) as having satisfied all of the requirements set forth in Section 15820.925 for financing an adult local criminal justice facility pursuant to this chapter. For purposes of this chapter, an adult local criminal justice facility may include any custodial housing, reentry, program, mental health, or treatment space necessary to manage the adult offender population consistent with the legislative intent described in Sections 17.5 and 3450 of the Penal Code under the jurisdiction of the sheriff or county department of corrections, as may be applicable, to be further defined by the BSCC in duly adopted regulations.

(a) The BSCC or the California Department of Corrections and Rehabilitation (CDCR), a participating county, and the board are authorized to acquire, design, and construct an adult local criminal justice facility approved by the BSCC pursuant to Section 15820.925, or to acquire a site or sites owned by, or subject to a lease or option to purchase held by, a participating county. For the purposes of this chapter, acquisition shall include, but is not limited to, acquisition of completed facilities through a build-to-suit purchase. Facilities financed pursuant to this chapter may be delivered through either a design-bid-build or a design-build process. The ownership interest of a participating county in the site or sites for an adult local criminal justice facility shall be determined by the board to be adequate for purposes of its financing in order to be eligible under this chapter.

(b) Notwithstanding Section 14951, the participating county may assign an inspector during the construction of the adult local criminal justice facility.

(c) The BSCC or the CDCR, a participating county, and the board shall enter into an agreement for each adult local criminal justice facility that shall provide, at a minimum, performance expectations of the parties related to the acquisition, design, and construction, including, without limitation, renovation, of the adult local criminal justice facility; guidelines and criteria for use and application of the proceeds of revenue bonds, notes, or bond anticipation notes issued by the board to pay for the cost of the approved adult local criminal justice facility; and ongoing maintenance and staffing responsibilities for the term of the financing.

(d) The agreement shall include a provision that the participating county agrees to indemnify, defend, and hold harmless the State of California for any and all claims and losses arising out of the acquisition, design, and construction of the adult local criminal justice facility. The agreement may also contain additional terms and conditions that facilitate the financing by the board.

(e) The scope and cost of the adult local criminal justice facilities shall be subject to approval and administrative oversight by the board.

(f) For purposes of compliance with the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), neither the board, nor the BSCC or the CDCR, shall be deemed a lead or responsible agency and the participating county shall be the lead agency.

SEC. 4. Section 15820.921 of the Government Code is amended to read:

15820.921. Upon a participating county's receipt of responsive construction bids or design-build proposals, or a participating county's notification to the board of its intent to exercise a purchase option, the board and the BSCC or the CDCR may borrow funds for project costs after the adult local criminal justice facility has been certified pursuant to Section 15820.92 from the Pooled Money Investment Account pursuant to Sections 16312 and 16313, or from any other appropriate source. In the event any of the revenue bonds, notes, or bond anticipation notes authorized by this chapter are not sold, the BSCC or the CDCR shall commit a sufficient amount of its support appropriation to repay any loans made for an approved adult local criminal justice facility.

SEC. 5. Section 15820.924 of the Government Code is amended to read:

15820.924. With the consent of the board, the BSCC or the CDCR and a participating county are authorized to enter into leases or subleases, as lessor or lessee, for any property or approved adult local criminal justice facility and are further authorized to enter into contracts or other agreements for the use, maintenance, and operation of the adult local criminal justice facility in order to facilitate the financing authorized by this chapter. In those leases, subleases, or other agreements, the participating county shall agree to indemnify, defend and hold harmless the State of California for any and all claims and losses accruing and resulting from or arising out of the participating county's use and occupancy of the adult local criminal justice facility.

SEC. 6. Chapter 3.131 (commencing with Section 15820.93) is added to Part 10b of Division 3 of Title 2 of the Government Code, to read:

#### CHAPTER 3.131. FINANCING OF LOCAL CRIMINAL JUSTICE FACILITIES

15820.93. (a) For purposes of this chapter, "participating county" means a county, city and county, or regional consortium of counties, within the state that has been certified to the State Public Works Board (board) by the Board of State and Community Corrections (BSCC) as having satisfied all of the requirements set forth in Section 15820.935 for financing an adult local criminal justice facility pursuant to this chapter.

(b) (1) For purposes of this chapter, an adult local criminal justice facility may include improved housing with an emphasis on expanding program and treatment space as necessary to manage the adult offender population consistent with the legislative intent described in Sections 17.5 and 3450 of the Penal Code under the jurisdiction of the sheriff or county department

of corrections, as may be applicable, to be further defined by the BSCC in duly adopted regulations.

(2) For purposes of this chapter, an adult local criminal justice facility may also include custodial housing, reentry, program, mental health, or treatment space necessary to manage the adult offender population, consistent with the legislative intent described in Sections 17.5 and 3450 of the Penal Code, under the jurisdiction of the sheriff or county department of corrections, as may be applicable, to be further defined by the BSCC in duly adopted regulations.

15820.930. (a) The BSCC or the Department of Corrections and Rehabilitation (CDCR), a participating county, and the board are authorized to acquire, design, and construct an adult local criminal justice facility approved by the BSCC pursuant to Section 15820.935, or to acquire a site or sites owned by, or subject to a lease or option to purchase held by, a participating county. For the purposes of this chapter, acquisition shall include, but is not limited to, acquisition of completed facilities through a build-to-suit purchase. Facilities financed pursuant to this chapter may be delivered through either a design-bid-build or a design-build process. The ownership interest of a participating county in the site or sites for an adult local criminal justice facility shall be determined by the board to be adequate for purposes of its financing in order to be eligible under this chapter.

(b) Notwithstanding Section 14951, the participating county may assign an inspector during the construction of the adult local criminal justice facility.

(c) The BSCC or the CDCR, a participating county, and the board shall enter into an agreement for each adult local criminal justice facility that shall provide, at a minimum, performance expectations of the parties related to the acquisition, design, and construction, including, without limitation, renovation, of the adult local criminal justice facility; guidelines and criteria for use and application of the proceeds of revenue bonds, notes, or bond anticipation notes issued by the board to pay for the cost of the approved adult local criminal justice facility; and ongoing maintenance and staffing responsibilities for the term of the financing.

(d) The agreement shall include a provision that the participating county agrees to indemnify, defend, and hold harmless the State of California for any and all claims and losses arising out of the acquisition, design, and construction of the adult local criminal justice facility. The agreement may also contain additional terms and conditions that facilitate the financing by the board.

(e) The scope and cost of the adult local criminal justice facilities shall be subject to approval and administrative oversight by the board.

(f) For purposes of compliance with the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), neither the board nor the BSCC or the CDCR shall be deemed a lead or responsible agency and the participating county shall be the lead agency.

15820.931. Upon a participating county's receipt of responsive construction bids or design-build proposals, or a participating county's notification to the board of its intent to exercise a purchase option, and after

the adult local criminal justice facility has been certified pursuant to Section 15820.93, the board and the BSCC or the CDCR may borrow funds for project costs from the Pooled Money Investment Account pursuant to Sections 16312 and 16313, or from any other appropriate source. In the event any of the revenue bonds, notes, or bond anticipation notes authorized by this chapter are not sold, the BSCC or the CDCR shall commit a sufficient amount of its support appropriation to repay any loans made for an approved adult local criminal justice facility.

15820.932. (a) The board may issue up to five hundred million dollars (\$500,000,000) in revenue bonds, notes, or bond anticipation notes, pursuant to Chapter 5 (commencing with Section 15830) to finance the acquisition, design, and construction, including, without limitation, renovation, and a reasonable construction reserve, of approved adult local criminal justice facilities described in Section 15820.930, and any additional amount authorized under Section 15849.6 to pay for the cost of financing.

(b) Proceeds from the revenue bonds, notes, or bond anticipation notes may be used to reimburse a participating county for the costs of acquisition, design, and construction, including, without limitation, renovation, for approved adult local criminal justice facilities.

(c) Notwithstanding Section 13340, funds derived pursuant to this section and Section 15820.931 are continuously appropriated for purposes of this chapter.

15820.933. In support of this state financing, the Legislature finds and declares all of the following:

(a) California's current challenges in managing jail populations follow decades of overcrowded and aging jails, and piecemeal, erratic, and incomplete responses to dealing with these problems. Reversing course will require sustainable solutions that must include sound planning and implementation, and must be grounded in the principle that jail resources must be well-planned and employed efficiently and effectively to prevent overcrowding and promote public safety through the broader use of evidence-based practices and policies in the criminal justice system.

(b) California needs a long-term, statewide strategy to effectively manage its jail population and jail resources. Without an ongoing analytical framework for taking into account factors such as population growth, criminogenic needs of the current and future jail populations, crime rates, custodial housing needs, and additional changes to realignment or sentencing laws and practices, California will continue to resort to reactive, fragmentary fixes to its jail condition and capacity problems instead of being fully prepared to develop an effective and sustainable system of local custodial facilities.

(c) The county adult criminal justice system needs improved housing with an emphasis on expanding program and treatment space to manage the adult offender population under its jurisdiction.

(d) Improved county adult criminal justice housing with an emphasis on expanding program and treatment space will enhance public safety

throughout the state by providing increased access to appropriate programs or treatment.

(e) By improving county adult criminal justice housing with an emphasis on expanding program and treatment space, this financing will serve a critical state purpose by promoting public safety.

(f) This purpose represents valuable consideration in exchange for this state action.

15820.934. With the consent of the board, the BSCC or the CDCR and a participating county are authorized to enter into leases or subleases, as lessor or lessee, for any property or approved adult local criminal justice facility and are further authorized to enter into contracts or other agreements for the use, maintenance, and operation of the adult local criminal justice facility in order to facilitate the financing authorized by this chapter. In those leases, subleases, or other agreements, the participating county shall agree to indemnify, defend, and hold harmless the State of California for any and all claims and losses accruing and resulting from or arising out of the participating county's use and occupancy of the adult local criminal justice facility.

15820.935. (a) The BSCC shall adhere to its duly adopted regulations for the approval or disapproval of adult local criminal justice facilities. The BSCC shall also consider cost-effectiveness in determining approval or disapproval. No state moneys shall be encumbered in contracts let by a participating county until one of the following occur:

(1) Final architectural plans and specifications have been approved by the BSCC, and subsequent construction bids have been received.

(2) Documents prepared by a participating county pursuant to paragraph (1) of subdivision (d) of Section 20133 of the Public Contract Code have been approved by the BSCC, and subsequent design-build proposals have been received pursuant to that section.

(3) The participating county has notified the board of its intent to exercise an option to purchase the completed facility pursuant to Section 15820.931.

(b) The review and approval of plans, specifications, or other documents by the BSCC are for the purpose of ensuring the proper administration of moneys and the determination of whether the adult local criminal justice facility specifications comply with law and regulation. The BSCC may require changes in construction materials to enhance safety and security if materials proposed at the time of final plans and specifications are not essential and customary as used statewide for facilities of the same security level. Participating counties are responsible for the acquisition, design, construction, staffing, operation, repair, and maintenance of the adult local criminal justice facility.

(c) The BSCC shall establish minimum standards, funding schedules, and procedures, which shall take into consideration, but not be limited to, the following:

(1) Certification by a participating county of control of the adult local criminal justice facility site through either fee simple ownership of the site or comparable long-term possession of the site, and right of access to the

adult local criminal justice facility sufficient to ensure undisturbed use and possession.

(2) Documentation of the need for improved adult local criminal justice facility housing with an emphasis on expanded program and treatment space.

(3) A written adult local criminal justice facility proposal.

(4) Submission of a staffing plan for the adult local criminal justice facility, including operational cost projections and documentation that the adult local criminal justice facility will be able to be safely staffed and operated within 90 days of completion, as may be applicable.

(5) Submission of architectural drawings, which shall be approved by the BSCC for compliance with minimum adult detention facility standards and which shall also be approved by the State Fire Marshal for compliance with fire safety and life safety requirements.

(6) Documentation evidencing compliance with the California Environmental Quality Act (CEQA).

(7) Provisions intended to maintain the tax-exempt status of the bonds, notes, or bond anticipation notes issued by the board.

15820.936. (a) The participating county contribution for adult local criminal justice facilities financed under this chapter shall be a minimum of 10 percent of the total project costs. The BSCC may reduce contribution requirements for participating counties with a general population below 200,000 upon petition by a participating county to the BSCC requesting a lower level of contribution.

(b) The BSCC shall determine the funding and scoring criteria. The BSCC may consider award history in Chapters 3.11 to 3.13, inclusive, in its scoring of adult local criminal justice facilities applications. The funding criteria shall include, as a mandatory criterion, documentation of the percentage of pretrial inmates in the county jail from January 1, 2013, to December 31, 2013, inclusive, and a description of the county's current risk-assessment-based pretrial release program. Funding preference shall also be given to counties that are most prepared to proceed successfully with this financing in a timely manner. The determination of preparedness to proceed shall include the following:

(1) Counties providing a board of supervisors' resolution authorizing an adequate amount of available matching funds to satisfy the counties' contribution and approving the forms of the project documents deemed necessary, as identified by the board to the BSCC, to effectuate the financing authorized by this chapter, and authorizing the appropriate signatory or signatories to execute those documents at the appropriate times. The identified matching funds in the resolution shall be compatible with the state's lease revenue bond financing.

(2) Counties providing documentation evidencing CEQA compliance has been completed. Documentation of CEQA compliance shall be either a final Notice of Determination or a final Notice of Exemption, as appropriate, and a letter from county counsel certifying the associated statute of limitations has expired and either no challenges were filed or identifying

any challenges filed and explaining how they have been resolved in a manner that allows the project to proceed as proposed.

(c) Funding consideration shall be given to counties that are seeking to replace compacted, outdated, or unsafe housing capacity or are seeking to renovate existing or build new facilities that provide adequate space for the provision of treatment and rehabilitation services, including mental health treatment.

(d) A participating county may replace existing housing capacity, realizing only a minimal increase of capacity, using this financing authority if the requesting county clearly documents an existing housing capacity deficiency.

SEC. 7. Section 30062 of the Government Code is amended to read:

30062. (a) Except as required by paragraphs (1), (2), and (4) of subdivision (b) of Section 30061, moneys allocated from a Supplemental Law Enforcement Services Account (SLESA) to a recipient entity shall be expended exclusively to provide front line law enforcement services. These moneys shall not be used by local agencies to supplant other funding for Public Safety Services, as defined in Section 36 of Article XIII of the California Constitution. Moneys allocated pursuant to paragraph (4) of subdivision (b) of Section 30061 shall not be used by local agencies to supplant other funding for Public Safety Services, as defined in Section 36 of Article XIII of the California Constitution.

(b) In the Counties of Los Angeles, Orange, and San Diego only, the district attorney may, in consultation with city attorneys in the county, determine a prorated share of the moneys received by the district attorney pursuant to this section to be allocated to city attorneys in the county in each fiscal year to fund the prosecution by those city attorneys of misdemeanor violations of state law.

(c) In no event shall any moneys allocated from the county's SLESA be expended by a recipient agency to fund any of the following:

(1) Administrative overhead costs in excess of 0.5 percent of a recipient entity's SLESA allocation for that year.

(2) The costs of any capital project or construction project funded from moneys allocated pursuant to paragraph (3) of subdivision (b) of Section 30061 that does not directly support front line law enforcement services.

(3) The costs of any capital project or construction project funded from moneys allocated pursuant to paragraph (4) of subdivision (b) of Section 30061.

(d) For purposes of subdivision (c), both of the following shall apply:

(1) A "recipient agency" or "recipient entity" is that entity that actually incurs the expenditures of SLESA funds allocated pursuant to paragraph (1), (2), (3), or (4) of subdivision (b) of Section 30061.

(2) Administrative overhead costs shall only be charged by the recipient entity, as defined in paragraph (1), up to 0.5 percent of its SLESA allocation.

(e) For purposes of this chapter, "front line law enforcement services" and "front line municipal police services" each include antigang, community crime prevention, and juvenile justice programs.

69927. It is the intent of the Legislature to establish a process and funding mechanism for sheriffs that overall incur increased trial court security costs as a result of court construction projects that had an occupancy date on or after October 9, 2011.

(a) Funding for increased trial court security costs pursuant to this section shall be funded by the General Fund, subject to an annual appropriation by the Legislature.

(b) Counties that demonstrate increased trial court security costs incurred by the sheriff as a result of court construction projects that had an occupancy date on or after October 9, 2011, may request funding pursuant to this section.

(1) Requests shall be submitted to the Department of Finance, and shall include, but not be limited to, information described in subdivision (d).

(c) Counties shall assess and identify key, quantifiable differences between the previous court facility or facilities and the new or replacement facility that impose a measurable and higher level of court security costs incurred by the sheriff.

(d) In evaluating requests, the Department of Finance shall consider on a case-by-case basis relevant factors, including, but not limited to:

- (1) Changes in court security due to the consolidation of court facilities.
- (2) Changes in overall court security costs due to the consolidation of court facilities.

SEC. 10. Section 1251.4 is added to the Health and Safety Code, to read:  
1251.4. (a) Notwithstanding any other law, upon application of the Department of Corrections and Rehabilitation, the department shall change the license category of a general acute care hospital licensed to the Department of Corrections and Rehabilitation to a correctional treatment center license. No licensing inspection is required for this change of license category.

(b) Notwithstanding any other law, upon application of the Department of Corrections and Rehabilitation, the department shall change the license category of a general acute care hospital or any other licensed health facility located on the grounds of a prison to a correctional treatment center license regardless of the location of the buildings included in those licenses. No licensing inspection is required for this change of license category.

SEC. 11. Section 17.7 is added to the Penal Code, to read:  
17.7. The Legislature finds and declares the following:

(a) Strategies supporting reentering offenders through practices and programs, such as standardized risk and needs assessments, transitional community housing, treatment, medical and mental health services, and employment, have been demonstrated to significantly reduce recidivism among offenders in other states.

(b) Improving outcomes among offenders reentering the community after serving time in a correctional facility will promote public safety and will reduce California's prison and jail populations.

(c) Establishing a California reentry program that encompasses strategies known to reduce recidivism warrants a vigorous short-term startup in the 2014–15 fiscal year using readily available resources in the community, and a comprehensive long-term development plan for future budget years designed to expand the availability, impact, and sustainability of these strategies as further community partnerships are identified and developed.

SEC. 12. Section 667.2 is added to the Penal Code, to read:

667.2. (a) The Legislature finds and declares that assisting offenders released pursuant to Proposition 36, adopted at the November 6, 2012, statewide general election, with their transition back into communities will increase the offenders' likelihood of successful reintegration.

(b) Subject to the availability of funding for and space in the programs and services, the Department of Corrections and Rehabilitation may provide programs and services, including, but not limited to, transitional housing, mental health, and substance abuse treatment to an offender who is released from the department's custody and satisfies both of the following conditions:

(1) The offender is released pursuant to any of the following provisions, as they were amended or added by Sections 2 to 6, inclusive, of Proposition 36, as adopted at the November 6, 2012, statewide general election:

830.38. (a) The officers of a state hospital under the jurisdiction of the State Department of State Hospitals or the State Department of Developmental Services appointed pursuant to Section 4313 or 4493 of the Welfare and Institutions Code, are peace officers whose authority extends to any place in the state for the purpose of performing their primary duty or when making an arrest pursuant to Section 836 as to any public offense with respect to which there is immediate danger to person or property, or of the escape of the perpetrator of that offense, or pursuant to Section 8597 or 8598 of the Government Code provided that the primary duty of the peace officers shall be the enforcement of the law as set forth in Sections 4311, 4313, 4491, and 4493 of the Welfare and Institutions Code. policies and procedures shall be developed to address the unique characteristics of the residents in each type of facility.

(c) In consultation with system stakeholders, the agency shall develop recommendations to further improve the quality and stability of law enforcement and investigative functions at both developmental centers and state hospitals in a meaningful and sustainable manner. These recommendations shall be submitted to the budget committees and relevant policy committees of both houses of the Legislature no later than January 10, 2015.

SEC. 15. Section 1026 of the Penal Code is amended to read:

1026. (a) When a defendant pleads not guilty by reason of insanity, and also joins with it another plea or pleas, the defendant shall first be tried as if only such other plea or pleas had been entered, and in that trial the defendant shall be conclusively presumed to have been sane at the time the offense is alleged to have been committed. If the jury shall find the defendant guilty, or if the defendant pleads only not guilty by reason of insanity, then the question whether the defendant was sane or insane at the time the offense was committed shall be promptly tried, either before the same jury or before a new jury in the discretion of the court. In that trial, the jury shall return a verdict either that the defendant was sane at the time the offense was committed or was insane at the time the offense was committed. If the verdict or finding is that the defendant was sane at the time the offense was committed, the court shall sentence the defendant as provided by law. If the verdict or finding be that the defendant was insane at the time the offense was committed, the court, unless it shall appear to the court that the sanity of the defendant has been recovered fully, shall direct that the defendant be committed to the State Department of State Hospitals for the care and treatment of the mentally disordered or any other appropriate public or private treatment facility approved by the community program director, or the court may order the defendant placed on outpatient status pursuant to Title 15 (commencing with Section 1600) of Part 2.

(b) Prior to making the order directing that the defendant be committed to the State Department of State Hospitals or other treatment facility or placed on outpatient status, the court shall order the community program director or a designee to evaluate the defendant and to submit to the court within 15 judicial days of the order a written recommendation as to whether the defendant should be placed on outpatient status or committed to the State Department of State Hospitals or other treatment facility. No person shall be admitted to a state hospital or other treatment facility or placed on outpatient status under this section without having been evaluated by the community program director or a designee. If, however, it appears to the court that the sanity of the defendant has been recovered fully, the defendant shall be remanded to the custody of the sheriff until the issue of sanity shall have been finally determined in the manner prescribed by law. A defendant committed to a state hospital or other treatment facility or placed on outpatient status pursuant to Title 15 (commencing with Section 1600) of Part 2 shall not be released from confinement, parole, or outpatient status

unless and until the court which committed the person shall, after notice and hearing, find and determine that the person's sanity has been restored. Nothing in this section shall prevent the transfer of the patient from one state hospital to any other state hospital by proper authority. Nothing in this section shall prevent the transfer of the patient to a hospital in another state in the manner provided in Section 4119 of the Welfare and Institutions Code.

(c) If the defendant is committed or transferred to the State Department of State Hospitals pursuant to this section, the court may, upon receiving the written recommendation of the medical director of the state hospital and the community program director that the defendant be transferred to a public or private treatment facility approved by the community program director, order the defendant transferred to that facility. If the defendant is committed or transferred to a public or private treatment facility approved by the community program director, the court may, upon receiving the written recommendation of the community program director, order the defendant transferred to the State Department of State Hospitals or to another public or private treatment facility approved by the community program director. Where either the defendant or the prosecuting attorney chooses to contest either kind of order of transfer, a petition may be filed in the court requesting a hearing which shall be held if the court determines that sufficient grounds exist. At that hearing, the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same procedures and standards of proof as used in conducting probation revocation hearings pursuant to Section 1203.2.

(d) Prior to making an order for transfer under this section, the court shall notify the defendant, the attorney of record for the defendant, the prosecuting attorney, and the community program director or a designee.

(e) When the court, after considering the placement recommendation of the community program director required in subdivision (b), orders that the defendant be committed to the State Department of State Hospitals or other public or private treatment facility, the court shall provide copies of the following documents prior to the admission of the defendant to the State Department of State Hospitals or other treatment facility where the defendant is to be committed:

- (1) The commitment order, including a specification of the charges.
- (2) A computation or statement setting forth the maximum term of commitment in accordance with Section 1026.5.
- (3) A computation or statement setting forth the amount of credit for time served, if any, to be deducted from the maximum term of commitment.
- (4) State summary criminal history information.
- (5) Any arrest reports prepared by the police department or other law enforcement agency.
- (6) Any court-ordered psychiatric examination or evaluation reports.
- (7) The community program director's placement recommendation report.
- (8) Any medical records.

(f) If the defendant is confined in a state hospital or other treatment facility as an inpatient, the medical director of the facility shall, at six-month intervals, submit a report in writing to the court and the community program director of the county of commitment, or a designee, setting forth the status and progress of the defendant. The court shall transmit copies of these reports to the prosecutor and defense counsel.

(g) For purposes of this section and Sections 1026.1 to 1026.6, inclusive, “community program director” means the person, agency, or entity designated by the State Department of State Hospitals pursuant to Section 1605 of this code and Section 4360 of the Welfare and Institutions Code.

SEC. 16. Section 1170 of the Penal Code, as amended by Section 5 of Chapter 508 of the Statutes of 2013, is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) Notwithstanding paragraph (1), the Legislature further finds and declares that programs should be available for inmates, including, but not limited to, educational programs, that are designed to prepare nonviolent felony offenders for successful reentry into the community. The Legislature encourages the development of policies and programs designed to educate and rehabilitate nonviolent felony offenders. In implementing this section, the Department of Corrections and Rehabilitation is encouraged to give priority enrollment in programs to promote successful return to the community to an inmate with a short remaining term of commitment and a release date that would allow him or her adequate time to complete the program.

(3) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of any specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless the convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term that it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law that imposes the death penalty, that authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the

state prison for life, except as provided in paragraph (2) of subdivision (d). In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the secretary. The court shall advise the defendant that he or she shall serve a period of parole and order the defendant to report to the parole office closest to the defendant's last legal residence, unless the in-custody credits equal the total sentence, including both confinement time and the period of parole. The sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the secretary.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the choice of the appropriate term shall rest within the sound discretion of the court. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation. In determining the appropriate term, the court may consider the record in the case, the probation officer's report, other reports, including reports received pursuant to Section 1203.03, and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall select the term which, in the court's discretion, best serves the interests of justice. The court shall set forth on the record the reasons for imposing the term selected and the court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under any provision of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) (1) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the secretary, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the secretary or the Board of Parole Hearings, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The court resentencing under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(2) (A) (i) When a defendant who was under 18 years of age at the time of the commission of the offense for which the defendant was sentenced to imprisonment for life without the possibility of parole has served at least

15 years of that sentence, the defendant may submit to the sentencing court a petition for recall and resentencing.

(ii) Notwithstanding clause (i), this paragraph shall not apply to defendants sentenced to life without parole for an offense where the defendant tortured, as described in Section 206, his or her victim or the victim was a public safety official, including any law enforcement personnel mentioned in Chapter 4.5 (commencing with Section 830) of Title 3, or any firefighter as described in Section 245.1, as well as any other officer in any segment of law enforcement who is employed by the federal government, the state, or any of its political subdivisions.

(B) The defendant shall file the original petition with the sentencing court. A copy of the petition shall be served on the agency that prosecuted the case. The petition shall include the defendant's statement that he or she was under 18 years of age at the time of the crime and was sentenced to life in prison without the possibility of parole, the defendant's statement describing his or her remorse and work towards rehabilitation, and the defendant's statement that one of the following is true:

(i) The defendant was convicted pursuant to felony murder or aiding and abetting murder provisions of law.

(ii) The defendant does not have juvenile felony adjudications for assault or other felony crimes with a significant potential for personal harm to victims prior to the offense for which the sentence is being considered for recall.

(iii) The defendant committed the offense with at least one adult codefendant.

(iv) The defendant has performed acts that tend to indicate rehabilitation or the potential for rehabilitation, including, but not limited to, availing himself or herself of rehabilitative, educational, or vocational programs, if those programs have been available at his or her classification level and facility, using self-study for self-improvement, or showing evidence of remorse.

(C) If any of the information required in subparagraph (B) is missing from the petition, or if proof of service on the prosecuting agency is not provided, the court shall return the petition to the defendant and advise the defendant that the matter cannot be considered without the missing information.

(D) A reply to the petition, if any, shall be filed with the court within 60 days of the date on which the prosecuting agency was served with the petition, unless a continuance is granted for good cause.

(E) If the court finds by a preponderance of the evidence that the statements in the petition are true, the court shall hold a hearing to consider whether to recall the sentence and commitment previously ordered and to resentence the defendant in the same manner as if the defendant had not previously been sentenced, provided that the new sentence, if any, is not greater than the initial sentence. Victims, or victim family members if the victim is deceased, shall retain the rights to participate in the hearing.

(F) The factors that the court may consider when determining whether to recall and resentence include, but are not limited to, the following:

(i) The defendant was convicted pursuant to felony murder or aiding and abetting murder provisions of law.

(ii) The defendant does not have juvenile felony adjudications for assault or other felony crimes with a significant potential for personal harm to victims prior to the offense for which the sentence is being considered for recall.

(iii) The defendant committed the offense with at least one adult codefendant.

(iv) Prior to the offense for which the sentence is being considered for recall, the defendant had insufficient adult support or supervision and had suffered from psychological or physical trauma, or significant stress.

(v) The defendant suffers from cognitive limitations due to mental illness, developmental disabilities, or other factors that did not constitute a defense, but influenced the defendant's involvement in the offense.

(vi) The defendant has performed acts that tend to indicate rehabilitation or the potential for rehabilitation, including, but not limited to, availing himself or herself of rehabilitative, educational, or vocational programs, if those programs have been available at his or her classification level and facility, using self-study for self-improvement, or showing evidence of remorse.

(vii) The defendant has maintained family ties or connections with others through letter writing, calls, or visits, or has eliminated contact with individuals outside of prison who are currently involved with crime.

(viii) The defendant has had no disciplinary actions for violent activities in the last five years in which the defendant was determined to be the aggressor.

(G) The court shall have the discretion to recall the sentence and commitment previously ordered and to resentence the defendant in the same manner as if the defendant had not previously been sentenced, provided that the new sentence, if any, is not greater than the initial sentence. The discretion of the court shall be exercised in consideration of the criteria in subparagraph (B). Victims, or victim family members if the victim is deceased, shall be notified of the resentencing hearing and shall retain their rights to participate in the hearing.

(H) If the sentence is not recalled, the defendant may submit another petition for recall and resentencing to the sentencing court when the defendant has been committed to the custody of the department for at least 20 years. If recall and resentencing is not granted under that petition, the defendant may file another petition after having served 24 years. The final petition may be submitted, and the response to that petition shall be determined, during the 25th year of the defendant's sentence.

(I) In addition to the criteria in subparagraph (F), the court may consider any other criteria that the court deems relevant to its decision, so long as the court identifies them on the record, provides a statement of reasons for

adopting them, and states why the defendant does or does not satisfy the criteria.

(J) This subdivision shall have retroactive application.

(e) (1) Notwithstanding any other law and consistent with paragraph (1) of subdivision (a), if the secretary or the Board of Parole Hearings or both determine that a prisoner satisfies the criteria set forth in paragraph (2), the secretary or the board may recommend to the court that the prisoner's sentence be recalled.

(2) The court shall have the discretion to resentence or recall if the court finds that the facts described in subparagraphs (A) and (B) or subparagraphs (B) and (C) exist:

(A) The prisoner is terminally ill with an incurable condition caused by an illness or disease that would produce death within six months, as determined by a physician employed by the department.

(B) The conditions under which the prisoner would be released or receive treatment do not pose a threat to public safety.

(C) The prisoner is permanently medically incapacitated with a medical condition that renders him or her permanently unable to perform activities of basic daily living, and results in the prisoner requiring 24-hour total care, including, but not limited to, coma, persistent vegetative state, brain death, ventilator-dependency, loss of control of muscular or neurological function, and that incapacitation did not exist at the time of the original sentencing.

The Board of Parole Hearings shall make findings pursuant to this subdivision before making a recommendation for resentence or recall to the court. This subdivision does not apply to a prisoner sentenced to death or a term of life without the possibility of parole.

(3) Within 10 days of receipt of a positive recommendation by the secretary or the board, the court shall hold a hearing to consider whether the prisoner's sentence should be recalled.

(4) Any physician employed by the department who determines that a prisoner has six months or less to live shall notify the chief medical officer of the prognosis. If the chief medical officer concurs with the prognosis, he or she shall notify the warden. Within 48 hours of receiving notification, the warden or the warden's representative shall notify the prisoner of the recall and resentencing procedures, and shall arrange for the prisoner to designate a family member or other outside agent to be notified as to the prisoner's medical condition and prognosis, and as to the recall and resentencing procedures. If the inmate is deemed mentally unfit, the warden or the warden's representative shall contact the inmate's emergency contact and provide the information described in paragraph (2).

(5) The warden or the warden's representative shall provide the prisoner and his or her family member, agent, or emergency contact, as described in paragraph (4), updated information throughout the recall and resentencing process with regard to the prisoner's medical condition and the status of the prisoner's recall and resentencing proceedings.

(6) Notwithstanding any other provisions of this section, the prisoner or his or her family member or designee may independently request

consideration for recall and resentencing by contacting the chief medical officer at the prison or the secretary. Upon receipt of the request, the chief medical officer and the warden or the warden's representative shall follow the procedures described in paragraph (4). If the secretary determines that the prisoner satisfies the criteria set forth in paragraph (2), the secretary or board may recommend to the court that the prisoner's sentence be recalled. The secretary shall submit a recommendation for release within 30 days in the case of inmates sentenced to determinate terms and, in the case of inmates sentenced to indeterminate terms, the secretary shall make a recommendation to the Board of Parole Hearings with respect to the inmates who have applied under this section. The board shall consider this information and make an independent judgment pursuant to paragraph (2) and make findings related thereto before rejecting the request or making a recommendation to the court. This action shall be taken at the next lawfully noticed board meeting.

(7) Any recommendation for recall submitted to the court by the secretary or the Board of Parole Hearings shall include one or more medical evaluations, a postrelease plan, and findings pursuant to paragraph (2).

(8) If possible, the matter shall be heard before the same judge of the court who sentenced the prisoner.

(9) If the court grants the recall and resentencing application, the prisoner shall be released by the department within 48 hours of receipt of the court's order, unless a longer time period is agreed to by the inmate. At the time of release, the warden or the warden's representative shall ensure that the prisoner has each of the following in his or her possession: a discharge medical summary, full medical records, state identification, parole medications, and all property belonging to the prisoner. After discharge, any additional records shall be sent to the prisoner's forwarding address.

(10) The secretary shall issue a directive to medical and correctional staff employed by the department that details the guidelines and procedures for initiating a recall and resentencing procedure. The directive shall clearly state that any prisoner who is given a prognosis of six months or less to live is eligible for recall and resentencing consideration, and that recall and resentencing procedures shall be initiated upon that prognosis.

(f) Notwithstanding any other provision of this section, for purposes of paragraph (3) of subdivision (h), any allegation that a defendant is eligible for state prison due to a prior or current conviction, sentence enhancement, or because he or she is required to register as a sex offender shall not be subject to dismissal pursuant to Section 1385.

(g) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

(h) (1) Except as provided in paragraph (3), a felony punishable pursuant to this subdivision where the term is not specified in the underlying offense shall be punishable by a term of imprisonment in a county jail for 16 months, or two or three years.

(2) Except as provided in paragraph (3), a felony punishable pursuant to this subdivision shall be punishable by imprisonment in a county jail for the term described in the underlying offense.

(3) Notwithstanding paragraphs (1) and (2), where the defendant (A) has a prior or current felony conviction for a serious felony described in subdivision (c) of Section 1192.7 or a prior or current conviction for a violent felony described in subdivision (c) of Section 667.5, (B) has a prior felony conviction in another jurisdiction for an offense that has all the elements of a serious felony described in subdivision (c) of Section 1192.7 or a violent felony described in subdivision (c) of Section 667.5, (C) is required to register as a sex offender pursuant to Chapter 5.5 (commencing with Section 290) of Title 9 of Part 1, or (D) is convicted of a crime and as part of the sentence an enhancement pursuant to Section 186.11 is imposed, an executed sentence for a felony punishable pursuant to this subdivision shall be served in state prison.

(4) Nothing in this subdivision shall be construed to prevent other dispositions authorized by law, including pretrial diversion, deferred entry of judgment, or an order granting probation pursuant to Section 1203.1.

(5) (A) Unless the court finds that, in the interests of justice, it is not appropriate in a particular case, the court, when imposing a sentence pursuant to paragraph (1) or (2) of this subdivision, shall suspend execution of a concluding portion of the term for a period selected at the court's discretion.

(B) The portion of a defendant's sentenced term that is suspended pursuant to this paragraph shall be known as mandatory supervision, and shall begin upon release from custody. During the period of mandatory supervision, the defendant shall be supervised by the county probation officer in accordance with the terms, conditions, and procedures generally applicable to persons placed on probation, for the remaining unserved portion of the sentence imposed by the court. The period of supervision shall be mandatory, and may not be earlier terminated except by court order. Any proceeding to revoke or modify mandatory supervision under this subparagraph shall be conducted pursuant to either subdivisions (a) and (b) of Section 1203.2 or Section 1203.3. During the period when the defendant is under such supervision, unless in actual custody related to the sentence imposed by the court, the defendant shall be entitled to only actual time credit against the term of imprisonment imposed by the court. Any time period which is suspended because a person has absconded shall not be credited toward the period of supervision.

(6) The sentencing changes made by the act that added this subdivision shall be applied prospectively to any person sentenced on or after October 1, 2011.

(7) The sentencing changes made to paragraph (5) by the act that added this paragraph shall become effective and operative on January 1, 2015, and shall be applied prospectively to any person sentenced on or after January 1, 2015.

(i) This section shall remain in effect only until January 1, 2017, and as of that date is repealed, unless a later enacted statute, that is enacted before that date, deletes or extends that date.

SEC. 17. Section 1170 of the Penal Code, as amended by Section 6 of Chapter 508 of the Statutes of 2013, is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) Notwithstanding paragraph (1), the Legislature further finds and declares that programs should be available for inmates, including, but not limited to, educational programs, that are designed to prepare nonviolent felony offenders for successful reentry into the community. The Legislature encourages the development of policies and programs designed to educate and rehabilitate nonviolent felony offenders. In implementing this section, the Department of Corrections and Rehabilitation is encouraged to give priority enrollment in programs to promote successful return to the community to an inmate with a short remaining term of commitment and a release date that would allow him or her adequate time to complete the program.

(3) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of any specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless the convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term that it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law that imposes the death penalty, that authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life, except as provided in paragraph (2) of subdivision (d). In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the secretary. The court shall advise the defendant that he or she shall serve a period of parole and order the defendant to report to the parole office closest to the defendant's last legal residence, unless the in-custody credits equal the total sentence, including both confinement time and the period of parole. The sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the secretary.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports, including reports received pursuant to Section 1203.03, and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under any provision of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) (1) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the secretary, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the secretary or the Board of Parole Hearings, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The court resentencing under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(2) (A) (i) When a defendant who was under 18 years of age at the time of the commission of the offense for which the defendant was sentenced to imprisonment for life without the possibility of parole has served at least 15 years of that sentence, the defendant may submit to the sentencing court a petition for recall and resentencing.

(ii) Notwithstanding clause (i), this paragraph shall not apply to defendants sentenced to life without parole for an offense where the defendant tortured, as described in Section 206, his or her victim or the victim was a public safety official, including any law enforcement personnel mentioned in Chapter 4.5 (commencing with Section 830) of Title 3, or any firefighter as described in Section 245.1, as well as any other officer in any segment of law enforcement who is employed by the federal government, the state, or any of its political subdivisions.

(B) The defendant shall file the original petition with the sentencing court. A copy of the petition shall be served on the agency that prosecuted the case. The petition shall include the defendant's statement that he or she was under 18 years of age at the time of the crime and was sentenced to life in prison without the possibility of parole, the defendant's statement describing his or her remorse and work towards rehabilitation, and the defendant's statement that one of the following is true:

(i) The defendant was convicted pursuant to felony murder or aiding and abetting murder provisions of law.

(ii) The defendant does not have juvenile felony adjudications for assault or other felony crimes with a significant potential for personal harm to victims prior to the offense for which the sentence is being considered for recall.

(iii) The defendant committed the offense with at least one adult codefendant.

(iv) The defendant has performed acts that tend to indicate rehabilitation or the potential for rehabilitation, including, but not limited to, availing himself or herself of rehabilitative, educational, or vocational programs, if those programs have been available at his or her classification level and facility, using self-study for self-improvement, or showing evidence of remorse.

(C) If any of the information required in subparagraph (B) is missing from the petition, or if proof of service on the prosecuting agency is not provided, the court shall return the petition to the defendant and advise the defendant that the matter cannot be considered without the missing information.

(D) A reply to the petition, if any, shall be filed with the court within 60 days of the date on which the prosecuting agency was served with the petition, unless a continuance is granted for good cause.

(E) If the court finds by a preponderance of the evidence that the statements in the petition are true, the court shall hold a hearing to consider whether to recall the sentence and commitment previously ordered and to resentence the defendant in the same manner as if the defendant had not previously been sentenced, provided that the new sentence, if any, is not greater than the initial sentence. Victims, or victim family members if the victim is deceased, shall retain the rights to participate in the hearing.

(F) The factors that the court may consider when determining whether to recall and resentence include, but are not limited to, the following:

(i) The defendant was convicted pursuant to felony murder or aiding and abetting murder provisions of law.

(ii) The defendant does not have juvenile felony adjudications for assault or other felony crimes with a significant potential for personal harm to victims prior to the offense for which the sentence is being considered for recall.

(iii) The defendant committed the offense with at least one adult codefendant.

(iv) Prior to the offense for which the sentence is being considered for recall, the defendant had insufficient adult support or supervision and had suffered from psychological or physical trauma, or significant stress.

(v) The defendant suffers from cognitive limitations due to mental illness, developmental disabilities, or other factors that did not constitute a defense, but influenced the defendant's involvement in the offense.

(vi) The defendant has performed acts that tend to indicate rehabilitation or the potential for rehabilitation, including, but not limited to, availing himself or herself of rehabilitative, educational, or vocational programs, if those programs have been available at his or her classification level and facility, using self-study for self-improvement, or showing evidence of remorse.

(vii) The defendant has maintained family ties or connections with others through letter writing, calls, or visits, or has eliminated contact with individuals outside of prison who are currently involved with crime.

(viii) The defendant has had no disciplinary actions for violent activities in the last five years in which the defendant was determined to be the aggressor.

(G) The court shall have the discretion to recall the sentence and commitment previously ordered and to resentence the defendant in the same manner as if the defendant had not previously been sentenced, provided that the new sentence, if any, is not greater than the initial sentence. The discretion of the court shall be exercised in consideration of the criteria in subparagraph (B). Victims, or victim family members if the victim is deceased, shall be notified of the resentencing hearing and shall retain their rights to participate in the hearing.

(H) If the sentence is not recalled, the defendant may submit another petition for recall and resentencing to the sentencing court when the defendant has been committed to the custody of the department for at least 20 years. If recall and resentencing is not granted under that petition, the defendant may file another petition after having served 24 years. The final petition may be submitted, and the response to that petition shall be determined, during the 25th year of the defendant's sentence.

(I) In addition to the criteria in subparagraph (F), the court may consider any other criteria that the court deems relevant to its decision, so long as the court identifies them on the record, provides a statement of reasons for adopting them, and states why the defendant does or does not satisfy the criteria.

(J) This subdivision shall have retroactive application.

(e) (1) Notwithstanding any other law and consistent with paragraph (1) of subdivision (a), if the secretary or the Board of Parole Hearings or both determine that a prisoner satisfies the criteria set forth in paragraph (2), the secretary or the board may recommend to the court that the prisoner's sentence be recalled.

(2) The court shall have the discretion to resentence or recall if the court finds that the facts described in subparagraphs (A) and (B) or subparagraphs (B) and (C) exist:

(A) The prisoner is terminally ill with an incurable condition caused by an illness or disease that would produce death within six months, as determined by a physician employed by the department.

(B) The conditions under which the prisoner would be released or receive treatment do not pose a threat to public safety.

(C) The prisoner is permanently medically incapacitated with a medical condition that renders him or her permanently unable to perform activities of basic daily living, and results in the prisoner requiring 24-hour total care, including, but not limited to, coma, persistent vegetative state, brain death, ventilator-dependency, loss of control of muscular or neurological function, and that incapacitation did not exist at the time of the original sentencing.

The Board of Parole Hearings shall make findings pursuant to this subdivision before making a recommendation for resentencing or recall to the court. This subdivision does not apply to a prisoner sentenced to death or a term of life without the possibility of parole.

(3) Within 10 days of receipt of a positive recommendation by the secretary or the board, the court shall hold a hearing to consider whether the prisoner's sentence should be recalled.

(4) Any physician employed by the department who determines that a prisoner has six months or less to live shall notify the chief medical officer of the prognosis. If the chief medical officer concurs with the prognosis, he or she shall notify the warden. Within 48 hours of receiving notification, the warden or the warden's representative shall notify the prisoner of the recall and resentencing procedures, and shall arrange for the prisoner to designate a family member or other outside agent to be notified as to the prisoner's medical condition and prognosis, and as to the recall and resentencing procedures. If the inmate is deemed mentally unfit, the warden or the warden's representative shall contact the inmate's emergency contact and provide the information described in paragraph (2).

(5) The warden or the warden's representative shall provide the prisoner and his or her family member, agent, or emergency contact, as described in paragraph (4), updated information throughout the recall and resentencing process with regard to the prisoner's medical condition and the status of the prisoner's recall and resentencing proceedings.

(6) Notwithstanding any other provisions of this section, the prisoner or his or her family member or designee may independently request consideration for recall and resentencing by contacting the chief medical officer at the prison or the secretary. Upon receipt of the request, the chief medical officer and the warden or the warden's representative shall follow the procedures described in paragraph (4). If the secretary determines that the prisoner satisfies the criteria set forth in paragraph (2), the secretary or board may recommend to the court that the prisoner's sentence be recalled. The secretary shall submit a recommendation for release within 30 days in the case of inmates sentenced to determinate terms and, in the case of inmates sentenced to indeterminate terms, the secretary shall make a recommendation to the Board of Parole Hearings with respect to the inmates who have applied under this section. The board shall consider this information and make an

independent judgment pursuant to paragraph (2) and make findings related thereto before rejecting the request or making a recommendation to the court. This action shall be taken at the next lawfully noticed board meeting.

(7) Any recommendation for recall submitted to the court by the secretary or the Board of Parole Hearings shall include one or more medical evaluations, a postrelease plan, and findings pursuant to paragraph (2).

(8) If possible, the matter shall be heard before the same judge of the court who sentenced the prisoner.

(9) If the court grants the recall and resentencing application, the prisoner shall be released by the department within 48 hours of receipt of the court's order, unless a longer time period is agreed to by the inmate. At the time of release, the warden or the warden's representative shall ensure that the prisoner has each of the following in his or her possession: a discharge medical summary, full medical records, state identification, parole medications, and all property belonging to the prisoner. After discharge, any additional records shall be sent to the prisoner's forwarding address.

(10) The secretary shall issue a directive to medical and correctional staff employed by the department that details the guidelines and procedures for initiating a recall and resentencing procedure. The directive shall clearly state that any prisoner who is given a prognosis of six months or less to live is eligible for recall and resentencing consideration, and that recall and resentencing procedures shall be initiated upon that prognosis.

(f) Notwithstanding any other provision of this section, for purposes of paragraph (3) of subdivision (h), any allegation that a defendant is eligible for state prison due to a prior or current conviction, sentence enhancement, or because he or she is required to register as a sex offender shall not be subject to dismissal pursuant to Section 1385.

(g) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

(h) (1) Except as provided in paragraph (3), a felony punishable pursuant to this subdivision where the term is not specified in the underlying offense shall be punishable by a term of imprisonment in a county jail for 16 months, or two or three years.

(2) Except as provided in paragraph (3), a felony punishable pursuant to this subdivision shall be punishable by imprisonment in a county jail for the term described in the underlying offense.

(3) Notwithstanding paragraphs (1) and (2), where the defendant (A) has a prior or current felony conviction for a serious felony described in subdivision (c) of Section 1192.7 or a prior or current conviction for a violent felony described in subdivision (c) of Section 667.5, (B) has a prior felony conviction in another jurisdiction for an offense that has all the elements of a serious felony described in subdivision (c) of Section 1192.7 or a violent felony described in subdivision (c) of Section 667.5, (C) is required to register as a sex offender pursuant to Chapter 5.5 (commencing with Section 290) of Title 9 of Part 1, or (D) is convicted of a crime and as part of the sentence an enhancement pursuant to Section 186.11 is imposed, an executed

sentence for a felony punishable pursuant to this subdivision shall be served in state prison.

(4) Nothing in this subdivision shall be construed to prevent other dispositions authorized by law, including pretrial diversion, deferred entry of judgment, or an order granting probation pursuant to Section 1203.1.

(5) (A) Unless the court finds, in the interest of justice, that it is not appropriate in a particular case, the court, when imposing a sentence pursuant to paragraph (1) or (2) of this subdivision, shall suspend execution of a concluding portion of the term for a period selected at the court's discretion.

(B) The portion of a defendant's sentenced term that is suspended pursuant to this paragraph shall be known as mandatory supervision, and shall begin upon release from custody. During the period of mandatory supervision, the defendant shall be supervised by the county probation officer in accordance with the terms, conditions, and procedures generally applicable to persons placed on probation, for the remaining unserved portion of the sentence imposed by the court. The period of supervision shall be mandatory, and may not be earlier terminated except by court order. Any proceeding to revoke or modify mandatory supervision under this subparagraph shall be conducted pursuant to either subdivisions (a) and (b) of Section 1203.2 or Section 1203.3. During the period when the defendant is under such supervision, unless in actual custody related to the sentence imposed by the court, the defendant shall be entitled to only actual time credit against the term of imprisonment imposed by the court. Any time period which is suspended because a person has absconded shall not be credited toward the period of supervision.

(6) The sentencing changes made by the act that added this subdivision shall be applied prospectively to any person sentenced on or after October 1, 2011.

(7) The sentencing changes made to paragraph (5) by the act that added this paragraph shall become effective and operative on January 1, 2015, and shall be applied prospectively to any person sentenced on or after January 1, 2015.

(i) This section shall become operative on January 1, 2017.

SEC. 18. Section 1170.06 is added to the Penal Code, to read:

1170.06. (a) Notwithstanding any other law, a sheriff or a county director of corrections is authorized to offer a program under which inmates as specified in subdivision (c), who are not precluded by subdivision (d), and who have been committed to a county jail may be allowed to participate in a voluntary alternative custody program as defined in subdivision (b) in lieu of their confinement in a county jail. Under this program, one day of participation is in lieu of one day of incarceration in a county jail. Participants in the program shall receive any sentence reduction credits that they would have received had they served their sentence in a county jail, and are subject to denial and loss of credit pursuant to subdivision (d) of Section 4019. The sheriff or the county director of corrections may enter into contracts with county agencies, not-for-profit organizations, for-profit organizations, and others in order to promote alternative custody placements.

(b) As used in this section, an alternative custody program shall include, but is not limited to, the following:

(1) Confinement to a residential home during the hours designated by the sheriff or the county director of corrections.

(2) Confinement to a residential drug or treatment program during the hours designated by the county sheriff or the county director of corrections.

(3) Confinement to a transitional care facility that offers appropriate services.

(4) Confinement to a mental health clinic or hospital that offers appropriate mental health services.

(c) Except as provided by subdivision (d), inmates sentenced to a county jail for a determinate term of imprisonment pursuant to a misdemeanor or a felony pursuant to subdivision (h) of Section 1170, and only those persons, are eligible to participate in the alternative custody program authorized by this section.

(d) An inmate committed to a county jail who meets any of the following criteria is not eligible to participate in the alternative custody program:

(1) The person was screened by the sheriff or the county director of corrections using a validated risk assessment tool and determined to pose a high risk to commit a violent offense.

(2) The person has a history, within the last 10 years, of escape from a facility while under juvenile or adult custody, including, but not limited to, any detention facility, camp, jail, or state prison facility.

(3) The person has a current or prior conviction for an offense that requires the person to register as a sex offender as provided in Chapter 5.5. (commencing with Section 290) of Title 9 of Part 1.

(e) An alternative custody program may include the use of electronic monitoring, global positioning system devices, or other supervising devices for the purpose of helping to verify a participant's compliance with the rules and regulations of the program. The devices shall not be used to eavesdrop or record any conversation, except a conversation between the participant and the person supervising the participant, in which case the recording of the conversation is to be used solely for the purposes of voice identification.

(f) (1) In order to implement alternative custody for the population specified in subdivision (c), the sheriff or the county director of corrections shall create, and the participant shall agree to and fully participate in, an individualized treatment and rehabilitation plan. When available and appropriate for the individualized treatment and rehabilitation plan, the sheriff or the county director of corrections shall prioritize the use of evidence-based programs and services that will aid in the participant's successful reentry into society while he or she takes part in alternative custody. Case management services shall be provided to support rehabilitation and to track the progress and individualized treatment plan compliance of the inmate.

(2) For purposes of this section, "evidence-based practices" means supervision policies, procedures, programs, and practices demonstrated by

scientific research to reduce recidivism among individuals under probation, parole, or postrelease community supervision.

(g) The sheriff or the county director of corrections shall prescribe reasonable rules to govern the operation of the alternative custody program. Each participant shall be informed in writing that he or she is required to comply with the rules of the program, including, but not limited to, the following rules:

(1) The participant shall remain within the interior premises of his or her residence during the hours designated by the sheriff or his or her designee or the county director of corrections or his or her designee.

(2) The participant shall be subject to search and seizure by a peace officer at any time of the day or night, with or without cause. In addition, the participant shall admit any peace officer designated by the sheriff or his or her designee or the county director of corrections or his or her designee into the participant's residence at any time for purposes of verifying the participant's compliance with the conditions of his or her detention. Prior to participation in the alternative custody program, each participant shall agree in writing to these terms and conditions.

(3) The sheriff or his or her designee, or the county director of corrections or his or her designee, may immediately retake the participant into custody to serve the balance of his or her sentence if an electronic monitoring or supervising device is unable for any reason to properly perform its function at the designated place of detention, if the participant fails to remain within the place of detention as stipulated in the agreement, or if the participant for any other reason no longer meets the criteria under this section.

(h) Whenever a peace officer supervising a participant has reasonable suspicion to believe that the participant is not complying with the rules or conditions of the program, or that a required electronic monitoring device is unable to function properly in the designated place of confinement, the peace officer may, under general or specific authorization of the sheriff or his or her designee, or the county director of corrections or his or her designee, and without a warrant of arrest, retake the participant into custody to complete the remainder of the original sentence.

(i) This section shall not be construed to require a sheriff or his or her designee, or a county director of corrections or his or her designee, to allow an inmate to participate in this program if it appears from the record that the inmate has not satisfactorily complied with reasonable rules and regulations while in custody. An inmate shall be eligible for participation in an alternative custody program only if the sheriff or his or her designee or the county director of corrections or his or her designee concludes that the inmate meets the criteria for program participation established under this section and that the inmate's participation is consistent with any reasonable rules prescribed by the sheriff or the county director of corrections.

(1) The rules and administrative policies of the program shall be written and shall be given or made available to each participant upon assignment to the alternative custody program.

(2) The sheriff or his or her designee or the county director of corrections or his or her designee shall have the sole discretion concerning whether to permit program participation as an alternative to custody in a county jail. A risk and needs assessment shall be completed on each inmate to assist in the determination of eligibility for participation and the type of alternative custody.

(j) (1) The sheriff or his or her designee or the county director of corrections or his or her designee shall permit program participants to seek and retain employment in the community, attend psychological counseling sessions or educational or vocational training classes, participate in life skills or parenting training, utilize substance abuse treatment services, or seek medical, mental health, and dental assistance based upon the participant's individualized treatment and release plan. Participation in other rehabilitative services and programs may be approved by the case manager if it is specified as a requirement of the inmate's individualized treatment and rehabilitative case plan.

(2) Willful failure of the program participant to return to the place of detention prior to the expiration of any period of time during which he or she is authorized to be away from the place of detention, unauthorized departures from the place of detention, or tampering with or disabling, or attempting to tamper with or disable, an electronic monitoring device is punishable pursuant to Section 4532 and shall additionally subject the participant to a return to custody pursuant to subdivisions (g) and (h). In addition, participants may be subject to forfeiture of credits pursuant to the provisions of Section 4019, or to discipline for violation of rules established by the sheriff or the county director of corrections.

(k) (1) Notwithstanding any other law, the sheriff or his or her designee or the county director of corrections or his or her designee shall provide the information specified in paragraph (2) regarding participants in an alternative custody program to the law enforcement agencies of the jurisdiction in which persons participating in an alternative custody program reside.

(2) The information required by paragraph (1) shall consist of the following:

(A) The participant's name, address, and date of birth.

(B) The offense committed by the participant.

(C) The period of time the participant will be subject to an alternative custody program.

(3) The information received by a law enforcement agency pursuant to this subdivision may be used for the purpose of monitoring the impact of an alternative custody program on the community.

(l) It is the intent of the Legislature that the alternative custody programs established under this section maintain the highest public confidence, credibility, and public safety. In the furtherance of these standards, the sheriff or the county director of corrections may administer an alternative custody program pursuant to written contracts with appropriate public agencies or entities to provide specified program services. No public agency or entity entering into a contract may itself employ any person who is in an

alternative custody program. The sheriff or the county director of corrections shall determine the recidivism rate of each participant in an alternative custody program.

(m) An inmate participating in this program shall voluntarily agree to all of the provisions of the program in writing, including that he or she may be returned to confinement at any time with or without cause, and shall not be charged fees or costs for the program.

(n) If a phrase, clause, sentence, or provision of this section or application thereof to a person or circumstance is held invalid, that invalidity shall not affect any other phrase, clause, sentence, or provision or application of this section, which can be given effect without the invalid phrase, clause, sentence, or provision or application and to this end the provisions of this section are declared to be severable.

SEC. 19. Section 1170.3 of the Penal Code, as amended by Section 9 of Chapter 508 of the Statutes of 2013, is amended to read:

1170.3. The Judicial Council shall seek to promote uniformity in sentencing under Section 1170 by:

(a) The adoption of rules providing criteria for the consideration of the trial judge at the time of sentencing regarding the court's decision to:

- (1) Grant or deny probation.
- (2) Impose the lower, middle, or upper prison term.
- (3) Impose concurrent or consecutive sentences.

(4) Determine whether or not to impose an enhancement where that determination is permitted by law.

(5) Deny a period of mandatory supervision in the interests of justice under paragraph (5) of subdivision (h) of Section 1170 or determine the appropriate period and conditions of mandatory supervision. The rules implementing this paragraph shall be adopted no later than January 1, 2015.

(b) The adoption of rules standardizing the minimum content and the sequential presentation of material in probation officer reports submitted to the court regarding probation and mandatory supervision under paragraph (5) of subdivision (h) of Section 1170.

(c) This section shall remain in effect only until January 1, 2017, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2017, deletes or extends that date.

SEC. 20. Section 1170.3 of the Penal Code, as amended by Section 10 of Chapter 508 of the Statutes of 2013, is amended to read:

1170.3. The Judicial Council shall seek to promote uniformity in sentencing under Section 1170 by:

(a) The adoption of rules providing criteria for the consideration of the trial judge at the time of sentencing regarding the court's decision to:

- (1) Grant or deny probation.
- (2) Impose the lower or upper prison term.
- (3) Impose concurrent or consecutive sentences.

(4) Determine whether or not to impose an enhancement where that determination is permitted by law.

(5) Deny a period of mandatory supervision in the interests of justice under paragraph (5) of subdivision (h) of Section 1170 or determine the appropriate period and conditions of mandatory supervision. The rules implementing this paragraph shall be adopted no later than January 1, 2015.

(b) The adoption of rules standardizing the minimum content and the sequential presentation of material in probation officer reports submitted to the court regarding probation and mandatory supervision under paragraph (5) of subdivision (h) of Section 1170.

(c) This section shall become operative on January 1, 2017.

(b) For purposes of this section, “community recidivism and crime reduction service provider” means a nongovernmental entity or a consortium or coalition of nongovernmental entities, that provides community recidivism and crime reduction services, as described in paragraph (2) of subdivision (c), to persons who have been released from the state prison, a county jail, a juvenile detention facility, who are under the supervision of a parole or probation department, or any other person at risk of becoming involved in criminal activities.

(c) (1) A community recidivism and crime reduction service provider shall have a demonstrated history of providing services, as described in paragraph (2), to the target population during the five years immediately prior to the application for a grant awarded pursuant to this section.

(2) A community recidivism and crime reduction service provider shall provide services that are designed to enable persons to whom the services

are provided to refrain from engaging in crime, reconnect with their family members, and contribute to their communities. Community recidivism and crime reduction services may include all of the following:

- (A) Self-help groups.

- (E) Job training skills and employment.
- (F) Truancy prevention programs.
- (G) Literacy programs.
- (H) Any other service that advances community recidivism and crime reduction efforts, as identified by the county board of supervisors and the Community Corrections Partnership.
- (I) Individual or group assistance with referrals for any of the following:
  - (i) Mental and physical health assessments.
  - (ii) Counseling services.
  - (iii) Education and vocational programs.
  - (iv) Employment opportunities.
  - (v) Alcohol and drug treatment.
  - (vi) Health, wellness, fitness, and nutrition programs and services.
  - (vii) Personal finance and consumer skills programs and services.
  - (viii) Other personal growth and development programs to reduce recidivism.

(ix) Housing assistance.

(d) Pursuant to this section and upon agreement to accept funding from the Recidivism Reduction Fund, the board of supervisors, in collaboration with the county's Community Corrections Partnership, shall grant funds allocated to the county, as described in subdivision (a), to community recidivism and crime reduction service providers based on the needs of their community.

(e) (1) The amount awarded to each community recidivism and crime reduction service provider by a county shall be based on the population of the county, as projected by the Department of Finance, and shall not exceed the following:

- (A) One hundred thousand dollars (\$100,000) in a county with a population of over 4,000,000 people.
- (B) Fifty thousand dollars (\$50,000) in a county with a population of 700,000 or more people but less than 4,000,000 people.
- (C) Twenty five thousand dollars (\$25,000) in a county with a population of 400,000 or more people but less than 700,000 people.
- (D) Ten thousand dollars (\$10,000) in a county with a population of less than 400,000 people.

(2) The total amount of grants awarded to a single community recidivism and crime reduction service provider by all counties pursuant to this section shall not exceed one hundred thousand dollars (\$100,000).

(f) The board of supervisors, in collaboration with the county's Community Corrections Partnership, shall establish minimum requirements, funding criteria, and procedures for the counties to award grants consistent with the criteria established in this section.

(g) A community recidivism and crime reduction service provider that receives a grant under this section shall report to the county board of supervisors or the Community Corrections Partnership on the number of individuals served and the types of services provided, consistent with paragraph (2) of subdivision (c). The board of supervisors or the Community Corrections Partnership shall report to the Board of State and Community Corrections any information received under this subdivision from grant recipients.

(h) Of the total amount granted to a county, up to 5 percent may be withheld by the board of supervisors or the Community Corrections Partnership for the payment of administrative costs.

(i) Any funds allocated to a county under this section shall be available for expenditure for a period of four years and any unexpended funds shall revert to the state General Fund at the end of the four-year period. Any funds not encumbered with a community recidivism and crime reduction service provider one year after allocation of grant funds to counties shall immediately revert to the state General Fund.

SEC. 22. Section 1233.15 of the Penal Code is amended to read:

1233.15. The Director of Finance, in consultation with the Administrative Office of the Courts, the Department of Corrections and Rehabilitation, and the Chief Probation Officers of California, shall develop a revised formula for the California Community Corrections Performance Incentives Act of 2009 that takes into consideration the significant changes to the eligibility of some felony probationers for revocation to the state prison resulting from the implementation of the 2011 Public Safety realignment, and may also take into consideration the data calculated pursuant to subdivisions (f) to (i), inclusive, of Section 1233.1. The revised formula may include adjustments to the baseline failure rate for each county. It is the intent of the Legislature that, commencing with the 2015–16 fiscal year, probation departments receive performance incentive funding pursuant to, and consistent with, this chapter for their success at reducing postrelease community supervision failure to prison rates and mandatory supervision failure to prison rates.

SEC. 23. Section 1233.6 of the Penal Code is amended to read:

1233.6. (a) Probation failure reduction incentive payments and high performance grants calculated for any calendar year shall be provided to counties in the following fiscal year. The total annual payment to each county shall be divided into four equal quarterly payments.

(b) The Department of Finance shall include an estimate of the total probation failure reduction incentive payments and high performance grants to be provided to counties in the coming fiscal year as part of the Governor's proposed budget released no later than January 10 of each year. This estimate shall be adjusted by the Department of Finance, as necessary, to reflect the

actual calculations of probation failure reduction incentive payments and high performance grants completed by the Director of Finance, in consultation with the Department of Corrections and Rehabilitation, the Joint Legislative Budget Committee, the Chief Probation Officers of California, and the Administrative Office of the Courts. This adjustment shall occur as part of standard budget revision processes completed by the Department of Finance in April and May of each year.

(c) There is hereby established, in the State Treasury, the State Community Corrections Performance Incentives Fund, which is continuously appropriated. Moneys appropriated for purposes of providing probation failure reduction incentive payments and high performance grants authorized in Sections 1230 to 1233.6, inclusive, shall be transferred into this fund from the General Fund. Any moneys transferred into this fund from the General Fund shall be administered by the Administrative Office of the Courts and the share calculated for each county probation department shall be transferred to its Community Corrections Performance Incentives Fund authorized in Section 1230.

(d) For each fiscal year, the Director of Finance shall determine the total amount of the State Community Corrections Performance Incentives Fund and the amount to be allocated to each county, pursuant to this section and Sections 1230 to 1233.5, inclusive, and shall report those amounts to the Controller. The Controller shall make an allocation from the State Community Corrections Performance Incentives Fund authorized in subdivision (c) to each county in accordance with the amounts provided.

(e) Notwithstanding Section 13340 of the Government Code, commencing July 1, 2014, and each fiscal year thereafter, the amount of one million dollars (\$1,000,000) is hereby continuously appropriated from the State Community Corrections Performance Incentives Fund to the Administrative Office of the Courts for the costs of implementing and administering this program, pursuant to subdivision (c), and the 2011 realignment legislation addressing public safety.

SEC. 24. Section 1233.61 of the Penal Code is amended to read:

1233.61. Notwithstanding any other law, any moneys remaining in the State Community Corrections Performance Incentives Fund, after the calculation and award determination of each county's tier payments or high performance grant payments pursuant to Sections 1233.3 and 1233.4, shall be distributed to county probation departments as follows:

(a) The Department of Finance shall increase the award amount for any county whose tier payment or high performance grant payment, as calculated pursuant to Sections 1233.3 and 1233.4, totals less than two hundred thousand dollars (\$200,000) to no more than two hundred thousand dollars (\$200,000).

(b) The Department of Finance shall adjust the award amount for any county that has a probation failure rate, as defined in subdivision (c) of Section 1233.1, that is below the statewide average, as defined in subdivision (b) of Section 1233.1, so that these counties receive no less than two hundred thousand dollars (\$200,000).

(c) The Department of Finance shall evenly distribute any remaining funds, up to two hundred thousand dollars (\$200,000) per county, to those counties that did not receive a tier payment or a high performance grant payment, as calculated pursuant to Sections 1233.3 and 1233.4.

(d) The distribution of any funds remaining after the distribution made pursuant to subdivision (c) shall be determined by the Department of Finance. The distribution may give preference to high performing counties that did not receive funding pursuant to Section 1233.4.

(e) At no time shall an award provided to a county through subdivision (c) exceed the amount of a grant award provided to counties that are eligible to receive increased award amounts pursuant to subdivision (a) or (b).

(f) Any county receiving funding through subdivision (c) shall submit a report to the Administrative Office of the Courts and the Chief Probation Officers of California describing how it plans on using the funds to enhance its ability to be successful under this act. Commencing January 1, 2014, a county that fails to submit this report by March 1 annually shall not receive funding pursuant to subdivision (c) in the subsequent fiscal year.

(g) A county that fails to provide the information specified in Section 1231 to the Administrative Office of the Courts shall not be eligible for payment pursuant to this section.

SEC. 25. Section 1370 of the Penal Code is amended to read:

1370. (a) (1) (A) If the defendant is found mentally competent, the criminal process shall resume, the trial on the offense charged shall proceed, and judgment may be pronounced.

(B) If the defendant is found mentally incompetent, the trial or judgment shall be suspended until the person becomes mentally competent.

(i) In the meantime, the court shall order that the mentally incompetent defendant be delivered by the sheriff to a state hospital for the care and treatment of the mentally disordered, as directed by the State Department of State Hospitals, or to any other available public or private treatment facility, including a local county jail treatment facility or the community-based residential treatment system established pursuant to Article 1 (commencing with Section 5670) of Chapter 2.5 of Part 2 of Division 5 of the Welfare and Institutions Code if the facility has a secured perimeter or a locked and controlled treatment facility, approved by the community program director that will promote the defendant's speedy restoration to mental competence, or placed on outpatient status as specified in Section 1600.

(ii) However, if the action against the defendant who has been found mentally incompetent is on a complaint charging a felony offense specified in Section 290, the prosecutor shall determine whether the defendant previously has been found mentally incompetent to stand trial pursuant to this chapter on a charge of a Section 290 offense, or whether the defendant is currently the subject of a pending Section 1368 proceeding arising out of a charge of a Section 290 offense. If either determination is made, the prosecutor shall so notify the court and defendant in writing. After this notification, and opportunity for hearing, the court shall order that the

defendant be delivered by the sheriff to a state hospital, as directed by the State Department of State Hospitals, or other secure treatment facility for the care and treatment of the mentally disordered unless the court makes specific findings on the record that an alternative placement would provide more appropriate treatment for the defendant and would not pose a danger to the health and safety of others.

(iii) If the action against the defendant who has been found mentally incompetent is on a complaint charging a felony offense specified in Section 290 and the defendant has been denied bail pursuant to subdivision (b) of Section 12 of Article I of the California Constitution because the court has found, based upon clear and convincing evidence, a substantial likelihood that the person's release would result in great bodily harm to others, the court shall order that the defendant be delivered by the sheriff to a state hospital for the care and treatment of the mentally disordered, as directed by the State Department of State Hospitals, unless the court makes specific findings on the record that an alternative placement would provide more appropriate treatment for the defendant and would not pose a danger to the health and safety of others.

(iv) The clerk of the court shall notify the Department of Justice in writing of any finding of mental incompetence with respect to a defendant who is subject to clause (ii) or (iii) for inclusion in his or her state summary criminal history information.

(C) Upon the filing of a certificate of restoration to competence, the court shall order that the defendant be returned to court in accordance with Section 1372. The court shall transmit a copy of its order to the community program director or a designee.

(D) A defendant charged with a violent felony may not be delivered to a state hospital or treatment facility pursuant to this subdivision unless the state hospital or treatment facility has a secured perimeter or a locked and controlled treatment facility, and the judge determines that the public safety will be protected.

(E) For purposes of this paragraph, "violent felony" means an offense specified in subdivision (c) of Section 667.5.

(F) A defendant charged with a violent felony may be placed on outpatient status, as specified in Section 1600, only if the court finds that the placement will not pose a danger to the health or safety of others. If the court places a defendant charged with a violent felony on outpatient status, as specified in Section 1600, the court must serve copies of the placement order on defense counsel, the sheriff in the county where the defendant will be placed and the district attorney for the county in which the violent felony charges are pending against the defendant.

(2) Prior to making the order directing that the defendant be committed to the State Department of State Hospitals or other treatment facility or placed on outpatient status, the court shall proceed as follows:

(A) The court shall order the community program director or a designee to evaluate the defendant and to submit to the court within 15 judicial days of the order a written recommendation as to whether the defendant should

be required to undergo outpatient treatment, or committed to the State Department of State Hospitals or to any other treatment facility. No person shall be admitted to a state hospital or other treatment facility or placed on outpatient status under this section without having been evaluated by the community program director or a designee. The community program director or designee shall evaluate the appropriate placement for the defendant between the State Department of State Hospitals, a local county jail treatment facility, or the community-based residential treatment system based upon guidelines provided by the State Department of State Hospitals. If a local county jail treatment facility is selected, the State Department of State Hospitals shall provide treatment at the county jail treatment facility and reimburse the county jail treatment facility for the reasonable costs of the bed during the treatment. If the community-based residential treatment system is selected, the State Department of State Hospitals shall provide reimbursement to the community-based residential treatment system for the cost of treatment as negotiated with the State Department of State Hospitals. The six-month limitation in Section 1369.1 shall not apply to individuals deemed incompetent to stand trial who are being treated to restore competency within a county jail treatment facility pursuant to this section.

(B) The court shall hear and determine whether the defendant lacks capacity to make decisions regarding the administration of antipsychotic medication, and shall proceed as follows:

(i) The court shall hear and determine whether any of the following is true:

(I) The defendant lacks capacity to make decisions regarding antipsychotic medication, the defendant's mental disorder requires medical treatment with antipsychotic medication, and, if the defendant's mental disorder is not treated with antipsychotic medication, it is probable that serious harm to the physical or mental health of the patient will result. Probability of serious harm to the physical or mental health of the defendant requires evidence that the defendant is presently suffering adverse effects to his or her physical or mental health, or the defendant has previously suffered these effects as a result of a mental disorder and his or her condition is substantially deteriorating. The fact that a defendant has a diagnosis of a mental disorder does not alone establish probability of serious harm to the physical or mental health of the defendant.

(II) The defendant is a danger to others, in that the defendant has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm on another while in custody, or the defendant had inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm on another that resulted in his or her being taken into custody, and the defendant presents, as a result of mental disorder or mental defect, a demonstrated danger of inflicting substantial physical harm on others. Demonstrated danger may be based on an assessment of the defendant's present mental condition, including a consideration of past behavior of the defendant within six years prior to the time the defendant last attempted to inflict, inflicted,

or threatened to inflict substantial physical harm on another, and other relevant evidence.

(III) The people have charged the defendant with a serious crime against the person or property, involuntary administration of antipsychotic medication is substantially likely to render the defendant competent to stand trial, the medication is unlikely to have side effects that interfere with the defendant's ability to understand the nature of the criminal proceedings or to assist counsel in the conduct of a defense in a reasonable manner, less intrusive treatments are unlikely to have substantially the same results, and antipsychotic medication is in the patient's best medical interest in light of his or her medical condition.

(ii) If the court finds any of the conditions described in clause (i) to be true, the court shall issue an order authorizing the treatment facility to involuntarily administer antipsychotic medication to the defendant when and as prescribed by the defendant's treating psychiatrist. The court shall not order involuntary administration of psychotropic medication under subclause (III) of clause (i) unless the court has first found that the defendant does not meet the criteria for involuntary administration of psychotropic medication under subclause (I) of clause (i) and does not meet the criteria under subclause (II) of clause (i).

(iii) In all cases, the treating hospital, facility, or program may administer medically appropriate antipsychotic medication prescribed by a psychiatrist in an emergency as described in subdivision (m) of Section 5008 of the Welfare and Institutions Code.

(iv) If the court has determined that the defendant has the capacity to make decisions regarding antipsychotic medication, and if the defendant, with advice of his or her counsel, consents, the court order of commitment shall include confirmation that antipsychotic medication may be given to the defendant as prescribed by a treating psychiatrist pursuant to the defendant's consent. The commitment order shall also indicate that, if the defendant withdraws consent for antipsychotic medication, after the treating psychiatrist complies with the provisions of subparagraph (C), the defendant shall be returned to court for a hearing in accordance with subparagraphs (C) and (D) regarding whether antipsychotic medication shall be administered involuntarily.

(v) If the court has determined that the defendant has the capacity to make decisions regarding antipsychotic medication and if the defendant, with advice from his or her counsel, does not consent, the court order for commitment shall indicate that, after the treating psychiatrist complies with the provisions of subparagraph (C), the defendant shall be returned to court for a hearing in accordance with subparagraphs (C) and (D) regarding whether antipsychotic medication shall be administered involuntarily.

(vi) Any report made pursuant to paragraph (1) of subdivision (b) shall include a description of any antipsychotic medication administered to the defendant and its effects and side effects, including effects on the defendant's appearance or behavior that would affect the defendant's ability to understand the nature of the criminal proceedings or to assist counsel in the

conduct of a defense in a reasonable manner. During the time the defendant is confined in a state hospital or other treatment facility or placed on outpatient status, either the defendant or the people may request that the court review any order made pursuant to this subdivision. The defendant, to the same extent enjoyed by other patients in the state hospital or other treatment facility, shall have the right to contact the patients' rights advocate regarding his or her rights under this section.

(C) If the defendant consented to antipsychotic medication as described in clause (iv) of subparagraph (B), but subsequently withdraws his or her consent, or, if involuntary antipsychotic medication was not ordered pursuant to clause (v) of subparagraph (B), and the treating psychiatrist determines that antipsychotic medication has become medically necessary and appropriate, the treating psychiatrist shall make efforts to obtain informed consent from the defendant for antipsychotic medication. If informed consent is not obtained from the defendant, and the treating psychiatrist is of the opinion that the defendant lacks capacity to make decisions regarding antipsychotic medication based on the conditions described in subclause (I) or (II) of clause (i) of subparagraph (B), the treating psychiatrist shall certify whether the lack of capacity and any applicable conditions described above exist. That certification shall contain an assessment of the current mental status of the defendant and the opinion of the treating psychiatrist that involuntary antipsychotic medication has become medically necessary and appropriate.

(D) (i) If the treating psychiatrist certifies that antipsychotic medication has become medically necessary and appropriate pursuant to subparagraph (C), antipsychotic medication may be administered to the defendant for not more than 21 days, provided, however, that, within 72 hours of the certification, the defendant is provided a medication review hearing before an administrative law judge to be conducted at the facility where the defendant is receiving treatment. The treating psychiatrist shall present the case for the certification for involuntary treatment and the defendant shall be represented by an attorney or a patients' rights advocate. The attorney or patients' rights advocate shall be appointed to meet with the defendant no later than one day prior to the medication review hearing to review the defendant's rights at the medication review hearing, discuss the process, answer questions or concerns regarding involuntary medication or the hearing, assist the defendant in preparing for the hearing and advocating for his or her interests at the hearing, review the panel's final determination following the hearing, advise the defendant of his or her right to judicial review of the panel's decision, and provide the defendant with referral information for legal advice on the subject. The defendant shall also have the following rights with respect to the medication review hearing:

- (I) To being given timely access to the defendant's records.
- (II) To be present at the hearing, unless the defendant waives that right.
- (III) To present evidence at the hearing.
- (IV) To question persons presenting evidence supporting involuntary medication.

(V) To make reasonable requests for attendance of witnesses on the defendant's behalf.

(VI) To a hearing conducted in an impartial and informal manner.

(ii) If the administrative law judge determines that the defendant either meets the criteria specified in subclause (I) of clause (i) of subparagraph (B), or meets the criteria specified in subclause (II) of clause (i) of subparagraph (B), then antipsychotic medication may continue to be administered to the defendant for the 21-day certification period. Concurrently with the treating psychiatrist's certification, the treating psychiatrist shall file a copy of the certification and a petition with the court for issuance of an order to administer antipsychotic medication beyond the 21-day certification period. For purposes of this subparagraph, the treating psychiatrist shall not be required to pay or deposit any fee for the filing of the petition or other document or paper related to the petition.

(iii) If the administrative law judge disagrees with the certification, medication may not be administered involuntarily until the court determines that antipsychotic medication should be administered pursuant to this section.

(iv) The court shall provide notice to the prosecuting attorney and to the attorney representing the defendant, and shall hold a hearing, no later than 18 days from the date of the certification, to determine whether antipsychotic medication should be ordered beyond the certification period.

(v) If, as a result of the hearing, the court determines that antipsychotic medication should be administered beyond the certification period, the court shall issue an order authorizing the administration of that medication.

(vi) The court shall render its decision on the petition and issue its order no later than three calendar days after the hearing and, in any event, no later than the expiration of the 21-day certification period.

(3) When the court orders that the defendant be committed to the State Department of State Hospitals or other public or private treatment facility, the court shall provide copies of the following documents prior to the admission of the defendant to the State Department of State Hospitals or other treatment facility where the defendant is to be committed:

(A) The commitment order, including a specification of the charges.

(B) A computation or statement setting forth the maximum term of commitment in accordance with subdivision (c).

(C) A computation or statement setting forth the amount of credit for time served, if any, to be deducted from the maximum term of commitment.

(D) State summary criminal history information.

(E) Any arrest reports prepared by the police department or other law enforcement agency.

(F) Any court-ordered psychiatric examination or evaluation reports.

(G) The community program director's placement recommendation report.

(H) Records of any finding of mental incompetence pursuant to this chapter arising out of a complaint charging a felony offense specified in Section 290 or any pending Section 1368 proceeding arising out of a charge of a Section 290 offense.

(I) Any medical records.

(4) When the defendant is committed to a treatment facility pursuant to clause (i) of subparagraph (B) of paragraph (1) or the court makes the findings specified in clause (ii) or (iii) of subparagraph (B) of paragraph (1) to assign the defendant to a treatment facility other than a state hospital or other secure treatment facility, the court shall order that notice be given to the appropriate law enforcement agency or agencies having local jurisdiction at the site of the placement facility of any finding of mental incompetence pursuant to this chapter arising out of a charge of a Section 290 offense.

(5) When directing that the defendant be confined in a state hospital pursuant to this subdivision, the court shall commit the patient to the State Department of State Hospitals.

(6) (A) If the defendant is committed or transferred to the State Department of State Hospitals pursuant to this section, the court may, upon receiving the written recommendation of the medical director of the state hospital and the community program director that the defendant be transferred to a public or private treatment facility approved by the community program director, order the defendant transferred to that facility. If the defendant is committed or transferred to a public or private treatment facility approved by the community program director, the court may, upon receiving the written recommendation of the community program director, transfer the defendant to the State Department of State Hospitals or to another public or private treatment facility approved by the community program director. In the event of dismissal of the criminal charges before the defendant recovers competence, the person shall be subject to the applicable provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code). If either the defendant or the prosecutor chooses to contest either kind of order of transfer, a petition may be filed in the court for a hearing, which shall be held if the court determines that sufficient grounds exist. At the hearing, the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same standards as are used in conducting probation revocation hearings pursuant to Section 1203.2.

Prior to making an order for transfer under this section, the court shall notify the defendant, the attorney of record for the defendant, the prosecuting attorney, and the community program director or a designee.

(B) If the defendant is initially committed to the State Department of State Hospitals or secure treatment facility pursuant to clause (ii) or (iii) of subparagraph (B) of paragraph (1) and is subsequently transferred to any other facility, copies of the documents specified in paragraph (3) shall be taken with the defendant to each subsequent facility to which the defendant is transferred. The transferring facility shall also notify the appropriate law enforcement agency or agencies having local jurisdiction at the site of the new facility that the defendant is a person subject to clause (ii) or (iii) of subparagraph (B) of paragraph (1).

(7) An order by the court authorizing involuntary medication of the defendant shall be valid for no more than one year. The court shall review

the order six months after the order was made to determine if the grounds for the authorization remain. In the review, the court shall consider the reports of the treating psychiatrist or psychiatrists and the defendant's patients' rights advocate or attorney. The court may require testimony from the treating psychiatrist or psychiatrists and the patients' rights advocate or attorney, if necessary. The court may continue the order authorizing involuntary medication for up to another six months, or vacate the order, or make any other appropriate order.

(b) (1) Within 90 days of a commitment made pursuant to subdivision (a), the medical director of the state hospital or other treatment facility to which the defendant is confined shall make a written report to the court and the community program director for the county or region of commitment, or a designee, concerning the defendant's progress toward recovery of mental competence. If the defendant is on outpatient status, the outpatient treatment staff shall make a written report to the community program director concerning the defendant's progress toward recovery of mental competence. Within 90 days of placement on outpatient status, the community program director shall report to the court on this matter. If the defendant has not recovered mental competence, but the report discloses a substantial likelihood that the defendant will regain mental competence in the foreseeable future, the defendant shall remain in the state hospital or other treatment facility or on outpatient status. Thereafter, at six-month intervals or until the defendant becomes mentally competent, if the defendant is confined in a treatment facility, the medical director of the hospital or person in charge of the facility shall report in writing to the court and the community program director or a designee regarding the defendant's progress toward recovery of mental competence. If the defendant is on outpatient status, after the initial 90-day report, the outpatient treatment staff shall report to the community program director on the defendant's progress toward recovery, and the community program director shall report to the court on this matter at six-month intervals. A copy of these reports shall be provided to the prosecutor and defense counsel by the court. If the report indicates that there is no substantial likelihood that the defendant will regain mental competence in the foreseeable future, the committing court shall order the defendant to be returned to the court for proceedings pursuant to paragraph (2) of subdivision (c). The court shall transmit a copy of its order to the community program director or a designee.

(2) If the court has issued an order authorizing the treating facility to involuntarily administer antipsychotic medication to the defendant, the reports made at six-month intervals concerning the defendant's progress toward regaining competency shall also consider the issue of involuntary medication. Each report shall include, but is not limited to, all the following:

(A) Whether or not the defendant has the capacity to make decisions concerning antipsychotic medication.

(B) If the defendant lacks capacity to make decisions concerning antipsychotic medication, whether the defendant risks serious harm to his or her physical or mental health if not treated with antipsychotic medication.

(C) Whether or not the defendant presents a danger to others if he or she is not treated with antipsychotic medication.

(D) Whether the defendant has a mental illness for which medications are the only effective treatment.

(E) Whether there are any side effects from the medication currently being experienced by the defendant that would interfere with the defendant's ability to collaborate with counsel.

(F) Whether there are any effective alternatives to medication.

(G) How quickly the medication is likely to bring the defendant to competency.

(H) Whether the treatment plan includes methods other than medication to restore the defendant to competency.

(I) A statement, if applicable, that no medication is likely to restore the defendant to competency.

(3) After reviewing the reports, the court shall determine whether or not grounds for the order authorizing involuntary administration of antipsychotic medication still exist and shall do one of the following:

(A) If the original grounds for involuntary medication still exist, the order authorizing the treating facility to involuntarily administer antipsychotic medication to the defendant shall remain in effect.

(B) If the original grounds for involuntary medication no longer exist, and there is no other basis for involuntary administration of antipsychotic medication, the order for the involuntary administration of antipsychotic medication shall be vacated.

(C) If the original grounds for involuntary medication no longer exist, and the report states that there is another basis for involuntary administration of antipsychotic medication, the court shall set a hearing within 21 days to determine whether the order for the involuntary administration of antipsychotic medication shall be vacated or whether a new order for the involuntary administration of antipsychotic medication shall be issued. The hearing shall proceed as set forth in subparagraph (B) of paragraph (2) of subdivision (a).

(4) Any defendant who has been committed or has been on outpatient status for 18 months and is still hospitalized or on outpatient status shall be returned to the committing court where a hearing shall be held pursuant to the procedures set forth in Section 1369. The court shall transmit a copy of its order to the community program director or a designee.

(5) If it is determined by the court that no treatment for the defendant's mental impairment is being conducted, the defendant shall be returned to the committing court. The court shall transmit a copy of its order to the community program director or a designee.

(6) At each review by the court specified in this subdivision, the court shall determine if the security level of housing and treatment is appropriate and may make an order in accordance with its determination. If the court determines that the defendant shall continue to be treated in the state hospital or on an outpatient basis, the court shall determine issues concerning

administration of antipsychotic medication, as set forth in subparagraph (B) of paragraph (2) of subdivision (a).

(c) (1) At the end of three years from the date of commitment or a period of commitment equal to the maximum term of imprisonment provided by law for the most serious offense charged in the information, indictment, or misdemeanor complaint, whichever is shorter, a defendant who has not recovered mental competence shall be returned to the committing court. The court shall notify the community program director or a designee of the return and of any resulting court orders.

(2) Whenever any defendant is returned to the court pursuant to paragraph (1) or (4) of subdivision (b) or paragraph (1) of this subdivision and it appears to the court that the defendant is gravely disabled, as defined in subparagraph (B) of paragraph (1) of subdivision (h) of Section 5008 of the Welfare and Institutions Code, the court shall order the conservatorship investigator of the county of commitment of the defendant to initiate conservatorship proceedings for the defendant pursuant to Chapter 3 (commencing with Section 5350) of Part 1 of Division 5 of the Welfare and Institutions Code. Any hearings required in the conservatorship proceedings shall be held in the superior court in the county that ordered the commitment. The court shall transmit a copy of the order directing initiation of conservatorship proceedings to the community program director or a designee, the sheriff and the district attorney of the county in which criminal charges are pending, and the defendant's counsel of record. The court shall notify the community program director or a designee, the sheriff and district attorney of the county in which criminal charges are pending, and the defendant's counsel of record of the outcome of the conservatorship proceedings.

(3) If a change in placement is proposed for a defendant who is committed pursuant to subparagraph (B) of paragraph (1) of subdivision (h) of Section 5008 of the Welfare and Institutions Code, the court shall provide notice and an opportunity to be heard with respect to the proposed placement of the defendant to the sheriff and the district attorney of the county in which criminal charges are pending.

(4) If the defendant is confined in a treatment facility, a copy of any report to the committing court regarding the defendant's progress toward recovery of mental competence shall be provided by the committing court to the prosecutor and to the defense counsel.

(d) The criminal action remains subject to dismissal pursuant to Section 1385. If the criminal action is dismissed, the court shall transmit a copy of the order of dismissal to the community program director or a designee.

(e) If the criminal charge against the defendant is dismissed, the defendant shall be released from any commitment ordered under this section, but without prejudice to the initiation of any proceedings that may be appropriate under the Lanterman-Petris-Short Act, Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code.

(f) As used in this chapter, "community program director" means the person, agency, or entity designated by the State Department of State

Hospitals pursuant to Section 1605 of this code and Section 4360 of the Welfare and Institutions Code.

(g) For the purpose of this section, “secure treatment facility” shall not include, except for state mental hospitals, state developmental centers, and correctional treatment facilities, any facility licensed pursuant to Chapter 2 (commencing with Section 1250) of, Chapter 3 (commencing with Section 1500) of, or Chapter 3.2 (commencing with Section 1569) of, Division 2 of the Health and Safety Code, or any community board and care facility.

(h) Nothing in this section shall preclude a defendant from filing a petition for habeas corpus to challenge the continuing validity of an order authorizing a treatment facility or outpatient program to involuntarily administer antipsychotic medication to a person being treated as incompetent to stand trial.

SEC. 26. Section 2694 of the Penal Code is amended to read:

2694. (a) The Department of Corrections and Rehabilitation shall expand substance abuse treatment services in prisons to accommodate at least 4,000 additional inmates who have histories of substance abuse. In determining the prisons in which these additional treatment services will be located, the department may consider efficiency and efficacy of treatment, availability of staff resources, availability of physical space, and availability of additional resources in surrounding communities to supplement the treatment. In addition, the department shall expand followup treatment services in the community in order to ensure that offenders who participate in substance abuse treatment while incarcerated in prison shall receive necessary followup treatment while on parole.

(b) (1) Notwithstanding any other law, unless there is a security or safety reason not to do so, a substance abuse treatment program funded by the Department of Corrections and Rehabilitation and offered in a facility under the jurisdiction of the department pursuant to this section shall include a peer counseling component allowing prisoners to receive the necessary training within those facilities to become certified addiction counselors, including necessary course work and clinical hours.

(2) If the department determines that a peer counseling component shall not be included as part of a substance abuse treatment program offered in a facility under the department’s jurisdiction, the department shall notify in writing on January 10, 2015, and January 10, 2016, the Assembly and Senate Committees on Budget and the relevant Assembly and Senate policy committees at the time the determination is made. The report shall include the reason for the determination and a description of the substance abuse treatment program being provided.

(3) For purposes of this section, “peer counseling” means counseling offered by a person sharing similar life experiences who provides advice and assistance to another individual with the intended outcome of overcoming addiction-related challenges.

(2) A report submitted to the Legislature pursuant to subdivision (c) shall be submitted in compliance with Section 9795 of the Government Code.

SEC. 31. The Legislature hereby finds and declares all of the following with respect to Section 32 of this act:

(a) A share of the restored mentally ill offender crime reduction grants, with the enactment of this act, will be dedicated to improving mental health outcomes for children in the juvenile justice system.

(b) While California's youth crime rates are down overall in California, our courts and juvenile justice facilities are brimming with children and youth with a broad range of mental health disorders and unmet treatment needs.

(c) In a 2005 "gap survey" of California probation chiefs, paving the way for the subsequent realignment of the Department of Corrections and Rehabilitation, Division of Juvenile Justice population to local control, the

chiefs identified juvenile mental health cases as the most significant problem and service gap they faced. In a later study, Chief Probation Officers of California documented long stays and high costs related to the detention of juveniles with mental health problems. State and national studies confirm, again and again, extremely high rates of mental health disorders among incarcerated youth, with prevalence exceeding 70 percent of juveniles in custody. Data from the Board of State and Community Corrections in 2013 documents the fact that nearly one-half of the daily 8,200 juveniles in custody or on electronic monitoring in California have “open mental health cases.”

(d) When the mental health needs of young offenders are ignored, these youth enter a high-risk zone of becoming chronic adult offenders, committing further crimes, and filling up our already crowded prisons and jails. This comes at a cost in public safety, a cost to the probation, court, and corrections agencies who must then deal expensively with the problem on a long-term basis at the deep end of our jail and prison systems, and a cost to the taxpayers.

(e) We know that early intervention in these youth mental health cases is a key to success. The mentally ill offender crime reduction grant program investment on the juvenile justice side is an investment in crime prevention. The juvenile justice share of the mentally ill offender crime reduction grants will support local investment in proven best practices, including early diagnoses, family and community-based treatment models, specialized mental health courts, and other collaborative models of intervention that have proven to be successful. The goal, overall, is to break the link between mental illness and crime as soon as possible using state-of-the-art assessment and intervention strategies. Early recognition and treatment in these cases is also critical to our goal of preventing the escalation of youth mental health disorders into tragedies like the University of California, Santa Barbara, shooting that occurred in 2014.

(f) Modern science tells us that children are developmentally different from adults. This finding has been embedded in decisions of the United States Supreme Court in recent years, placing limits on the death penalty and other punishments imposed on children.

(g) The good news is that science and evidence-based studies point the way to interventions that can stop the cycle of mental illness and crime early in these young lives. The new mentally ill offender crime reduction grants will prioritize funding for local assessments and interventions that promise to produce better youth outcomes, to lower youth recidivism rates, and to reduce system workloads and costs that result from failing to address the problem.

(h) Research indicates that a continuum of responses for mentally ill offenders that includes prevention, intervention, and incarceration can reduce crime, jail overcrowding, and criminal justice costs.

(i) Therefore, it is the intent of the Legislature that grants be provided to counties that develop and implement a comprehensive, cost-effective plan to reduce the rate of crime and offenses committed by persons with serious

mental illness and to reduce jail overcrowding and local criminal justice costs related to mentally ill offenders.

SEC. 32. Article 4 (commencing with Section 6045) is added to Chapter 5 of Title 7 of Part 3 of the Penal Code, to read:

#### Article 4. Mentally Ill Offender Crime Reduction Grants

6045. (a) The Board of State and Community Corrections shall administer mentally ill offender crime reduction grants on a competitive basis to counties that expand or establish a continuum of timely and effective responses to reduce crime and criminal justice costs related to mentally ill offenders. The grants administered under this article by the board shall be divided between adult and juvenile mentally ill offender crime reduction grants in accordance with the funds appropriated for each type of grant. The grants shall support prevention, intervention, supervision, and incarceration-based services and strategies to reduce recidivism and to improve outcomes for mentally ill juvenile and adult offenders.

(b) For purposes of this article, the following terms shall have the following meanings:

(1) “Board” means the Board of State and Community Corrections.

(2) “Mentally ill adult offenders” means persons described in subdivisions (b) and (c) of Section 5600.3 of the Welfare and Institutions Code.

(3) “Mentally ill juvenile offenders” means persons described in subdivision (a) of Section 5600.3 of the Welfare and Institutions Code.

6045.2. (a) A county shall be eligible to apply for either an adult mentally ill offender grant or a juvenile mentally ill offender grant or both in accordance with all other provisions of this article. The board shall provide a separate and competitive grant application and award process for each of the adult and juvenile mentally ill offender crime reduction grant categories. The board shall endeavor to assist counties that apply for grants in both categories in meeting any grant submission requirements that may overlap between the two categories of grants.

(b) (1) A county that applies for an adult mentally ill offender grant shall establish a strategy committee to design the grant application that includes, at a minimum, the sheriff or director of the county department of corrections in a county where the sheriff does not administer the county jail system, who shall chair the committee, and representatives from other local law enforcement agencies, the chief probation officer, the county mental health director, a superior court judge, a former offender who is or has been a client of a mental health treatment facility, and representatives from organizations that can provide or have provided treatment or stabilization services for mentally ill offenders, including treatment, housing, income or job support, and caretaking.

(2) A county that applies for a juvenile mentally ill offender grant shall establish a strategy committee that includes, at a minimum, the chief probation officer who shall chair the committee, representatives from local

law enforcement agencies, the county mental health director, a superior court judge, a client or former offender who has received juvenile mental health services, and representatives from organizations that can provide or have provided treatment or support services for mentally ill juvenile offenders, including therapy, education, employment, housing, and caretaking services.

(3) A county that applies for both types of grants may convene a combined strategy committee that includes the sheriff or jail administrator and the chief probation officer as cochairs of the committee, as well as representation from the other agencies, departments, and disciplines designated in paragraphs (1) and (2) for both types of committees.

(c) The strategy committee shall develop and describe in its grant application a comprehensive county plan for providing a cost-effective continuum of responses and services for mentally ill adult offenders or mentally ill juvenile offenders, including prevention, intervention, and incarceration-based services, as appropriate. The plan shall describe how the responses and services included in the plan have been proven to be or are designed to be effective in addressing the mental health needs of the target offender population, while also reducing recidivism and custody levels for mentally ill offenders in adult or juvenile detention or correctional facilities. Strategies for prevention, intervention, and incarceration-based services in the plan shall include, but not be limited to, all of the following:

(1) Mental health and substance abuse treatment for mentally ill adult offenders or mentally ill juvenile offenders who are presently placed, incarcerated, or housed in a local adult or juvenile detention or correctional facility or who are under supervision by the probation department after having been released from a state or local adult or juvenile detention or correctional facility.

(2) Prerelease, reentry, continuing, and community-based services designed to provide long-term stability for juvenile or adult offenders outside of the facilities of the adult or juvenile justice systems, including services to support a stable source of income, a safe and decent residence, and a conservator or caretaker, as needed in appropriate cases.

(3) For mentally ill juvenile offender applications, one or more of the following strategies that has proven to be effective or has evidence-based support for effectiveness in the remediation of mental health disorders and the reduction of offending: short-term and family-based therapies, collaborative interagency service agreements, specialized court-based assessment and disposition tracks or programs, or other specialized mental health treatment and intervention models for juvenile offenders that are proven or promising from an evidence-based perspective.

(d) The plan as included in the grant application shall include the identification of specific outcome and performance measures and for annual reporting on grant performance and outcomes to the board that will allow the board to evaluate, at a minimum, the effectiveness of the strategies supported by the grant in reducing crime, incarceration, and criminal justice costs related to mentally ill offenders. The board shall, in the grant

application process, provide guidance to counties on the performance measures and reporting criteria to be addressed in the application.

6045.4. (a) The application submitted by a county shall describe a four-year plan for the programs, services, or strategies to be provided under the grant. The board shall award grants that provide funding for four years with the proviso that funding beyond the first year of the plan is contingent upon annual appropriations and the availability of funds to support mentally ill offender crime reduction grants beyond the first funding year. Funding shall be used to supplement, rather than supplant, funding for existing programs. Funds may be used to fund specialized alternative custody programs that offer appropriate mental health treatment and services.

(b) A grant shall not be awarded unless the applicant makes available resources in accordance with the instructions of the board in an amount equal to at least 25 percent of the amount of the grant. Resources may include in-kind contributions from participating agencies.

(c) In awarding grants, priority or preference shall be given to those grant applications that include documented match funding that exceeds 25 percent of the total grant amount.

6045.6. The board shall establish minimum requirements, funding criteria, and procedures for awarding grants, which shall take into consideration, but not be limited to, all of the following:

(a) The probable or potential impact of the grant on reducing the number or percent of mentally ill adult offenders or mentally ill juvenile offenders who are incarcerated or detained in local adult or juvenile correctional facilities and, as relevant for juvenile offenders, in probation out-of-home placements.

(b) Demonstrated ability to administer the program, including any past experience in the administration of a prior mentally ill offender crime reduction grant.

(c) Demonstrated ability to develop effective responses and to provide effective treatment and stability for mentally ill adult offenders or mentally ill juvenile offenders.

(d) Demonstrated ability to provide for interagency collaboration to ensure the effective coordination and delivery of the strategies, programs, or services described in the application.

(e) Likelihood that the program will continue to operate after state grant funding ends, including the applicant's demonstrated history of maximizing federal, state, local, and private funding sources to address the needs of the grant service population.

6045.8. (a) The board shall create an evaluation design for adult and juvenile mentally ill offender crime reduction grants that assesses the effectiveness of the program in reducing crime, adult and juvenile offender incarceration and placement levels, early releases due to jail overcrowding, and local criminal and juvenile justice costs. The evaluation design may include outcome measures related to the service levels, treatment modes, and stability measures for juvenile and adult offenders participating in, or

benefitting from, mentally ill offender crime reduction grant programs or services.

(b) Commencing on October 1, 2015, and annually thereafter, the board shall submit a report to the Legislature based on the evaluation design, with a final report due on December 31, 2019.

(c) The reports submitted pursuant to this section shall be submitted in compliance with Section 9795 of the Government Code.

(d) Pursuant to Section 10231.5 of the Government Code, this section shall be repealed as of January 1, 2024.

6045.9. The board may use up to 5 percent of the funds appropriated for purposes of this article to administer this program, including technical assistance to counties and the development of the evaluation component.

SEC. 33. Section 6141 of the Penal Code is amended to read:

6141. The California Rehabilitation Oversight Board shall meet at least twice annually, and shall regularly examine the various mental health, substance abuse, educational, and employment programs for inmates and parolees operated by the Department of Corrections and Rehabilitation. The board shall report to the Governor and the Legislature annually, on September 15, and may submit other reports during the year if it finds they are necessary. The reports shall include, but are not limited to, findings on the effectiveness of treatment efforts, rehabilitation needs of offenders, gaps in rehabilitation services in the department, and levels of offender participation and success in the programs. The board shall also make recommendations to the Governor and Legislature with respect to modifications, additions, and eliminations of rehabilitation and treatment programs. In performing its duties, the board shall use the work products developed for the department as a result of the provisions of the 2006 Budget Act, including Provision 18 of Item 5225-001-0001.

(b) Use of methods to ensure that profiling is not practiced during random searches or searches of all individuals entering the prison at that time.

(d) All visitors attempting to enter a CDCR detention facility shall be informed that they may refuse to be searched by a passive alert dog.

(e) All visitors attempting to enter a CDCR detention facility who refuse to be searched by a passive alert dog shall be informed of options, including, but not limited to, voluntarily aborting their attempt to enter the detention facility.

(h) Establishment of specific requirements for additional search options when multiple positive alerts occur on an individual employee within a specified timeframe.

SEC. 35. Section 7050 of the Penal Code is amended to read:

7050. (a) (1) Section 28 of Chapter 7 of the Statutes of 2007 contains an appropriation of three hundred million dollars (\$300,000,000) for capital outlay to be allocated to renovate, improve, or expand infrastructure capacity at existing prison facilities. The funds appropriated by that section may be used for land acquisition, environmental services, architectural programming, engineering assessments, schematic design, preliminary plans, working drawings, and construction.

(2) These funds may also be used to address deficiencies related to utility systems owned by local government entities and serving state prison facilities subject to the provisions of Section 54999 of the Government Code. The department shall report on any funds to be expended for this purpose to the Joint Legislative Budget Committee. If the committee fails to take any action with respect to each notification within 20 days after submittal, this inaction shall be deemed to be approval for purposes of this section.

(3) These funds may also be used for the design and construction of improvements to dental facilities at state prison facilities.

The availability of an augmentation for each individual project allocation shall be based on the total applicable capital outlay appropriation contained in Section 28 of Chapter 7 of the Statutes of 2007 and is not limited to 20 percent of the individual project allocation. These requirements shall be applied separately to each institution. As allocations are made or adjusted, the anticipated deficit or savings shall be continuously tracked and reported. Once the total appropriation has been allocated, any augmentation necessary to fund an anticipated deficit shall be based on the total appropriation and allocated to each project as necessary. Concurrent with the request to the board to establish each project authorized pursuant to this section, the Department of Corrections and Rehabilitation shall report the associated scope, cost, and schedule information to the Joint Legislative Budget Committee.
